Seymour, Mo
Jul 20, 1986

Dear Carolyn.

I am really glad to hear from you. I am writing from Seymour,Mo. I am staying a few weeks with my mother who has had strokes and cannot live alone. When I am home my sister near Seymour keeps her. My wife and I and a grandaughter live about 10 miles north of Springfield at Route 2 Fair Grove, Mo. We moved there when I retired in Jun 1983 as railroad agent at Mountain Grove, Mo with forty years seniority with the Frisco and newly merged Burlington Northern RR. I was born 1923 between Seymour & Mansfield but raised Seymour. My old Pettypool/Pettipool ancestors settled about 1833-34 near Mansfield, Mo. I have been researching since Oct 1983 when we had our first reunion. My daughter in law brought your letter down a few days ago. And I will be going home in about a week and before going home I just thought I would answer your letter and to tell you of some research of different Pettypool familys that I know about including my own. I am afraid my letter may be long and sometimes dull so you may want to read a little at a time. And part of what I write you may already know about.

My family used P.Pool & about 1850-60 further shortened the name to Pool. However a a few hung on to P.Pool until they died in the 1920's. I have found that occasionally they would sign P'Pool. The book "The ~~Book~~ Pettypool family history" called by most the Dr Pettypool book, about 225 pages now out of print says the name was shortened to P'Pool in 1813. Other research shows during war of 1812. The book does say that familys in NC used P.Pool, but it is my idea that P.Pool was first used. familys leaving from Virginia to Ky & Tenn mostly used P'Pool with exceptions and familys leaving Virginia to NC, SC & Ga mostly used P.Pool. Mrs Curry a researcher in Springfield, Mo is not related to my family, but if you go back to the 1600's & 1700's we probably are all a little relation. She is related some to your lineage. She belongs to the genealogical Soc at Springfield, Mo and works there at the library on mondays and has helped me and let me make copys of her Dr P'Pool book. She says that in Virginia is buried an old William Pettypool who started the different familys into using the name P.Pool and she thought it was a bad idea. I agree as it really has robbed the researchers. I think this was probably William Pettypool ~~xxxx~~ Jr born 1700 who I think is my ancestor and he was a brother to your Seth Pettpool b 1702. Years ago Mrs Curry went to Ky and a lady took her to several countys and I am sure that she went to Trigg Co where Seth Pettypool ba 1774 died and ~~xxx~~ is her ancestor too also to Christian Co Ky and Caldwell Co Ky. She visited old cemeterys that had P.Pool's and Overby's. She also went to courthouses. She also went to Virginia and I remember her mentioning Boydton Vir in Mecklenburg but she went to several places and I am sure she also went to Halifax Co and Lunenburg. These three countys were evidently the most Popular places for P'Pools but also some lived in Brunswick, Sussex, Dinwiddie, Prince Edward, Pittsylvania and probably Southampton and Charlotte Co and possibly others. All of thes ecountys are in one group near Prince Geo Co where William Pettypool Sr had lived earlier. I forgot to mention that in Lunenburg Co Tithes records that began 1748 and ended 1783 that William Pettypool Jr b1700 is shown at this early date as William P.Poole Jr. Evidently the only case of this except for a Baxter P.Pool in 1775 tithes records. This Baxter was a Rev War soldier and that is all I know about him.

My proven ancestor is shown Pool/e in Census record of NC & Ga from 1800 to 1830 and this is confusing. I have seen other people shown in records or old census records shown Pool but I either knew or thought they were Pettypool yet are shown as Pool. This hurts. The Mo census records show my family P.Pool and so do old gravestones near Mansfield and I have known since a child that our name was Pettypool. Also there were so many Seth and William P.Pool's that sometimes when you find the name its uncertain who it is. My aunt used to come back from Calif & always wanting us to go to Virginia to look up roots. So I asked her where they came from and she said Boydton Vir. This is in Mecklenburg Co. But research of mine indicates that my proven ancestor was probably born, raised and 1st married in Lunenburg Co.

I am an amateur researcher but read the Dr P'Pool book and other researchers have shared their family or research with me and I have researched on my own. I feel that I have a fair understanding of these old familys. But have seen some research that I am not sure was accurate and there are so many unknowns. Also Varying Opinions

224B

ideas, theorys and guestimations & mistakes and omissions that it is hard from speculating. I have some ideas, too and speculate but also say that I do. A lot of puzzlers about this old family. Lester Howard a respected researcher from Muleshoe Tx also is closely related to your lineage and he wrote me that he did not want to discourage me but a easy way to have heacaches was to work on the Pettypool familys. So what I write is contingent on other research being accurate and already several researchers tell me that the Dr P'Pool book has mistakes and Omissions and I have seen some myself. Even the authors relatives tell me this but most people have not told me where these mistakes are at. One lady a researcher who I think wants to write ~~as~~ a book on her particular lineage and I think the author made a mistake ~~in~~ her lineage. She wrote me that the book also has caused future researchers problems by attributing children of one man to his father. So I wrote and asked where the mistake was at but no answer. This would be confusing. Mrs Curry said that one of the author's was a doctor and not a genealogist and she explained that they wrote down what people told or wrote them without questioning it. She said she thought it was an excellent book regardless as if not for the book we would not know near as much and I agree.

A few days ago I received a letter from Diane (Blanks) Clute, 1732 Coventry Street, Akron Ohio 44301. She descends from your Seth P.Pool ba 1774 and his 1st wife Miss Overby and their son Buckner P'Pool b1800. I imagine you know her but it not may wish to write her. I wrote her a long letter and the next day I received your letter so I wrote her again giving her your name & address and the contents of your charts. I want to get back to Lester Howard and Mrs Curry and Diane later in my letter. The Dr P'Pool book starts with William Pettypool Sr of Prince Geo Co Vir but lester Howard and the researcher Clayton Willis of Pensacola Fl have gone back further. They show William & Ann Pettipool the emiggants the father of William Sr. Clayton has researched 6 yrs. We recently swapped research and he has helped me a lot. I sent him the copys of my Dr P'Pool pages and he copied them. I am surprised how well he has researched without this book. A few pages are dim and he may have had to type them instead of dopying. I told Diane Clute that I would let her read or copy my copys but right now I have it loaned out to one of my distant cousins who was raised here In Mo but now lives Hilliard Ohio. This cousin is very interested. Last year when I typed up about 25 pages on our family and up dated it this year I sent this cousin all of my research. I told her to keep the book up to two months or whatever but she said she was coming back to Mo the 2nd week of August and would bring it back then. Later if you would like I could mail this to you to read or copy. But as I told Diane I have been sending it to other researchers and it costs about $4.00 postage and certifying charges each way and if you should copy then it might be expensive. I believe you would like to read this book if you have not already. I certify it in the mail so won't get lost. The research in the book was started by Edward Herman P'Pool and when he died Dr David Bruce P'Pool (bn 1889) added letters and information to the research and published it. It was compiled from 1939 to 1960. This Dr lives at Nashville and was living up to a couple of years ago but may now be dead. He has a son Dr David Bruce P'Pool also at Nashville. I have written Edmund C. P'Pool at Nashville who is a Nephew to Edward Herman P'Pool.

William & Ann Pettipool the emigrants can be found in York Co Vir records of 1660 & 1661 and evidently the first or Only Pettypool Landing in America. That of course is the big question. One researcher now deceased I am told said they came to York Co Vir in 1654. Oddly this emigrant William and Ann Pettipool and their son known as William Pettypool Sr can be found in Maryland records landing in Maryland Nov 1665 on Capt Gibson's ship the "Hopewell" after leaving England Oct 1665. The Florida researcher says he think the first time they came to America was as indentured servants and was found to be owing the church which was serious and usually meant imprisonment but he says they somehow avoided prison and returned to England and returned to America in 1665 on their own rights. Ann is thought to be a Parham. They were probably poor.

Lester Howard says in Richomd Va he found something indicating that the emigrant Wm was dead by 1668. William Sr the son settled at Prince Geo Co and the author of the Dr P'Pool book starts with him & wife Elizabeth in this County. She is also thought to be a Parham and in her case I believe this is correct. William Pettypool Sr made a will in Prince Geo Co Vir 1721 proved in 1726 so he was dead by then or before. William Sr had a brother Ambrose Pettypool that settled in Rockingham Co Vir.

ideas, theorys and guestimations & mistakes and omissions that it is hard from speculating. I have some ideas, too and speculate but also say that I do. A lot of puzzlers about this old family. Lester Howard a respected researcher from Muleshoe Tx also is closely related to your lineage and he wrote me that he did not want to discourage me but a easy way to have heacaches was to work on the Pettypool familys. So what I write is contingent on other research being accurate and already several researchers tell me that the Dr P'Pool book has mistakes and Omissions and I have seen some myself. Even the authors relatives tell me this but most people have not told me where these mistakes are at. One lady a researcher who I think wants to write a book on her particular lineage and I think the author made a mistake on her lineage. She wrote me that the book also has caused future researchers problems by attributing children of one man to his father. So I wrote and asked where the mistake was at but no answer. This would be confusing. Mrs Curry said that one of the author's was a doctor and not a genealogist and she explained that they wrote down what people told or wrote them without questioning it. She said she thought it was an excellent book regardless as if not for the book we would not know near as much and I agree.

A few days ago I received a letter from Diane (Blanks) Clute, 1732 Coventry Street, Akron Ohio 44301. She descends from your Seth P.Pool ba 1774 and his 1st wife Miss Overby and their son Buckner P'Pool b1800. I imagine you know her but it not may wish to write her. I wrote her a long letter and the next day I received your letter so I wrote her again giving her your name & address and the contents of your charts. I want to get back to Lester Howard and Mrs Curry and Diane later in my letter. The Dr P'Pool book starts with William Pettypool Sr of Prince Geo Co Vir but lester Howard and the researcher Clayton Willis of Pensacola Fl have gone back further. They show William & Ann Pettipool the emiggrants the father of William Sr. Clayton has researched 6 yrs. We recently swapped research and he has helped me a lot. I sent him the copys of my Dr P'Pool pages and he copied them. I am surprised how well he has researched without this book. A few pages are dim and he may have had to type them instead of dopying. I told Diane Clute that I would let her read or copy my copys but right now I have it loaned out to one of my distant cousins who was raised here In Mo but now lives Hilliard Ohio. This cousin is very interested. Last year when I typed up about 25 pages on our family and up dated it this year I sent this cousin all of my research. I told her to keep the book up to two months or whatever but she said she was coming back to Mo the 2nd week of August and would bring it back then. Later if you would like I could mail this to you to read or copy. But as I told Diane I have been sending it to other researchers and it costs about $4.00 postage and certifying charges each way and if you should copy then it might be expensive. I believe you would like to read this book if you have not already. I certify it in the mail so won't get lost. The research in the book was started by Edward Herman P'Pool and when he died Dr David Bruce P'Pool (bn 1889) added letters and information to the research and published it. William Sr the son settled at Prince Geo Co and the author of the Dr P'Pool book starts with him & wife Elizabeth in this County. She is also thought to be a Parham and in her case I believe this is correct. William Pettypool Sr made a will in Prince Geo Co Vir 1721 proved in 1726 so he was dead by then or before. William Sr had a brother Ambrose Pettypool that settled in Rockingham Co Vir

and the Dr P'Pool book names his 7 children but did not know the wife's name. I have seen no research from these 7 children. This Ambrose must have been born in America shortly before 1668. William Pettypool Sr and Elizabeth Parham had 4 children born in Prince Geo Co Va. 1. William Pettypool Jr b1700 who married Frances Tally or Talley as shown in other research. The Dr PPool book just calls her Frances. 2. Seth Pettypool b1702 who married Martha Ragsdale. One researcher shows her father as Edward Ragsdale and from deeds in Lunenburg Co Va I believe this is probably correct. There is a rumor that later in Life Seth Remarried but I do not know if this is accurate. 3. Ann Pettypool ba 1705 who md a Frenchman named Mercy but later was called Massey. A lady in Springfield Mo descends from this marriage 4. Mary Pettypool married a Broadaway.

The researcher in Flo sent me family sheets tracing the emigrant William's ancestors back to a Matilda Petypole (Pole pronounced Pool) a widow from Asheldon or Burnham who married a John Locke in 1580. She is the 1st recorded Pettypool in England and thought to be the mother of a Richard Pettipoole and a William Pettipoole who married 1581 & 1591 respectively in London or Middlesex Co. The emigrant William descending from the William Pettipoole who married1591. He says the name was rare and unique in England. The Dr P'Pool authors & relatives descend from this emigrant william & Ann and yet the book shows that their ancestors came to America from Wales. But in the front of their book shows that Pettypools came to America from England, Scotland & Wales and then quotes an old Pettypool ancestor in Mecklenburg Co Va stating that 3 Pettypool's came to America. But does he mean the 1st or only ones and does he mean the same or different times and how were they related. Maybe this ancestor was thinking of William and Ann the emigrants and their son William Pettypool Sr in 1665. Notice how things vary. So where did they really come from. But most researchers agree they were of French origin and a man in 1875 wrote a letter saying this. Possibly they were French Hugenouts that fled France acct religous persecution. The name would mean "little Pool".

Your chart looks pretty good to me. I use a birth date of 1702 on Seth Pettypool as The Dr PPool book shows it this way and I have typed it so Much this way. I have seen it shown a few times as 1700(not much differnece). You show William Pettypool b1740. The Dr P'Pool book shows him as William Pettypool III and does not show his birth date. some researchers show him born 1730 to 1735. But Wm III had his first two children born 1746 and 1748 and these two dates are correct so I have to agree with Lester Howard who thinks Wm III was born in the mid 1720's. I think he was probably born 1726 after John in 1725 and before Peter in 1727. Maybe Lester and I are both wrong. You show Wm III dieing about 1813. I agree. Film of Halifax Co points to this. I made a negative of this film showing an index of Pettypool names on deeds of Halifax Co Va lister under Grantees and grantors but the negatives did not turn out too good. There were also a lot of Overby people and I did not copy them. I think Overby people lived in Halifax and Mecklenburg Co Va. You show SethPettypool ba 1774 died 1836 In Trigg Co Ky. I agree.

I think a William Pettypool of Prince Geo Co is shown buying or deeded land in Brunswick Co Va in 1717. I do not know if Wm Sr Or Jr. Lunenburg Co was formed in 1746 as a Large county from Brunswick Co Va so this land could have been where Lunenburg Co is now. Also Halifax Co was formed in 1752 from Lunenburg Co and in 1764 Mecklenburg Co was formed from Lunenburg Co. I do not know when the two sons William Pettypool Jr b1700 and Seth Pettypool moved to the Lunenburg Co Area. Possibly before it was formed from Brunswick Co In 1746. In 1748 to 1751 tithes (tax) records of Lunenburg Co William Jr was living in the north part of Lunenburg Co. In 1745 a William Pettypool was deeded land (about 1745) on Modest Creek by a David Lee. Modest creek is a few miles North of the town of Lunenburg which is in north part of Lunenburg co. and Seth Pettypool is shown in this county then but south of the Meherrin River which later became Mecklenburg Co. Seth later moved to Halifax Co and probably lived near the Aarons creek or river and probably fairly near the small town of Virgilina near th Vir-NC border as I have heard this is correct. Later Seth's children or some of them or some g-children later settled back in Mecklenburg Co Va.

The Overby people really intermarried with the P.Pool's. An account shows that Peter Overby Sr (Known as land grant peter) had a land grant in 1748, 182 acres on

both sides of Tenohomony Creek South side of Dan River in Lunenburg Co (creek Now Known as Aarons Creek on Hy 58 between Clarksville & South Boston and now in Halifax Co)... The Account continues.... Stephen Poole was the father of William Poole who was the father of C. C. Poole who was the father of Mrs Bob Smith. And says Mrs Smith has heired this land for 5 generations and is Known as "Poole's Mill". Just above Pooles Mill is known as "Overby's Mill Hill" the sight of Peter Overby Sr's first Mill. Now this account sounds like something that is shown in the Dr P'Pool book but it was sent to me by someone else. I am sure this is in Halifax Co and that the William and Stephen Pool above is the Captain Stephen Pettypool who I think lived part of most of his life in Mecklenburg Co and he had a son William. On the negatives I maded of deeds in Halifax Co a T. C. Pool/e is shown in a lot of deeds and I cannot remember if in any cases if he is shown as P.Pool. Anway Captain Stephen would be a son of William III and a g-son to Seth Pettypool b1702.

Seth Pettypool b1702 and Martha must have married about 1720. Their first child born 1721. I presume in Prince Geo Co Va. Seth made a deed or indenture in 1768 in Halifax Co Va deeding most of his property(or it is thought most of it) to his son Wm III who was to maintain his parents to a suitable living.

William Pettypool Jr b1700 and Frances are shown in the Dr PPool book and I beieve the researchxxx showing her as Frances Tally or Talley is correct. William Jr made a xxxx will on his death bed in Sept 1774 in Lunenburg Co Va. shown as William Pettypool II. He mentions a wife and his 3 younger sons but does not name them and this has hurt researchers but does indicate he had more sons xxxxx than the three shown in Parish records. These Parish records evidently do not name all the children of William Jr or Seth. This was the Bristol Parish at Richmond Va. Wm Jr must have married in Prince Geo Co about 1720 as he also had his 1st child born 1721. Altho my copys of the Dr P'Pool book is loaned out I have typed up some data from it showing the children of William Jr and Seth. Seth has children shown in the Parish records but some are not. William has children shown in Parish records but I believe he had more than these. The Dr P'Pool book has the actual Month and day on births in Parish records but I did not type them with the month and day and besides this I need to correct the Dr P'Pool book as a few Months or days are wrong.

Children of William Pettypool Jr and Frances Tally or Talley
1. Stephen Pettypool bn 1721 baptized 1722-23
2. Tabitha Pettypool bn 1726 baptized 1726
3. Phillip Pettypool bn 1730 baptized 1731
4. Frances Pettypool bn 1733 baptized 1733-34
5. Henry Pettypool bn 1740 baptized 1741

I xxx was sent a few sheets of this old xxxx handwritten hard to read Parish records but returned them to the researcher in Flo. He pointed out to me that William Jr & wife Frances had a child born 2/14 1724 baptized 1725 not shown as a son or daughter, just a child and not named. Evidently the Dr PPool author overlooked this.

Children of Seth Pettypool and Martha Ragsdale

1. Elizabehh Pettypool	bn 1721	baptized 1722-Parish records
2. Sarhh Pettypool	bn 1723	baptized 1724-Parish records
3. John Pettypool	bn 1725	Parish records
4. William Pettypool III	ba 1726	probably
5. Peter Pettypool	bn 1727	Parish records
6. Ann E. Pettypool	Bn 1733	Parish records
7. Seth Pettypool Jr	Ba 1730	

The Dr PPool book does not show this Seth b-a 1730 with the other children (not one the same page) and does not identify him as the son of Seth b1702. Evidently he did not know this. But other researchers show them as father and son and I belive they are accurate. He belongs to someone either Seth b1702 or Wm Jr b1700. In tithes records of Lunenburg Co William Jr in 1748-51 is shown on different pages than Seth Pettypool and near Seth Pettypool xx are sons John, Peter and the other son is shown as Seth Pettypool Jr. The son Wm III should be in this too as he was married but I could not find him. To me this almost proves that these two Seth's are father and son. William Jr had a son named Seth Pettypool born in the 1730's but he evidently settled in Dinwiddie Co Va(more on this Seth later)

William Pettypool Jr & Frances has 3 sons in Parish records: Stephen b1721, Phillip b1730 and Henry b1740. I have seen no research yet on Henry for sure. I think he may have died young and I belive he is an uncle to my Proven ancestor Henry Pettypool ba 1760-62 in Virginia, probably Lunenburg Co. I believe my Henry was named for him. Lunenburg tithes records 1748-51 show Stephen Pettypool living close to his father Wm Jr. in 1759 Stephen is shown Petitioning for a road in Johnston Co NC so he may have moved there. In 1760 Phillip Pettypool is mentioned in a Edgecombe Co NC deed. also mentioned in this deed is a man named Jones in Lunenburg Co Va and possibly Phillip married a Jones as a gift is mentioned. (theory). So far this is all I have on these 3 sons of Wm Jr and since no researchers descend from these 3 sons knowingly then there is not much interest. But I think I know of another family (other than my own) that descends from other sons of Wm Jr. As I believe he had probably 3 more sons making a total of 6. There are room for other children as shown in Parish reocrds.

I believe the child born 2/14 1724 is an Ephriam Pettypool. In Brunswick Co Va 1746 there was a land patent of Ephriam Pettypool as shown in Dr P'Pool book. This is the year that Lunenburg was formed from Brunswick co so this land patent may have been where lunenburg Co is now. In the 1790 census of Fairfield Co SC there was an Ephriam Pettypool shown as Pittypool. from his will 1793 Fairfield Co proved 1794 I can tell that the William and Abraham Pettypool nearby in this census are his sons. The will shows children in Eprhiams house that seem to be younger and by a younger 2nd wife probably. Nearby is a Henry Pettypool and I think he is my Henry ba 1760-62 Vir. and Nearby is a Seth Pettypool who I do not know. he seems to be born 1755 or before. I doubt he is a son to Eprhiam. Not named in the will. I think it is possible he is a brother to Henry Pettypool and a brother Isham Pettypool that settled in Montgomery Co NC. Henry settled there probably mid 1790's and Isham about 1805-06. My Henry has missing children and I think he could have named a son William. I am pretty sure there was a son Named Joseph that most of us have not heard of. And Henry definitely had children named Isham, Seth, Abraham and Robert and notice this is like names above. By 1800 the Seth Pettypool seems to have moved from Fairfield Co nearby to Laurens Co. I wonder if this could be the Seth Pettypool who had 25 children and 21 lived to be grown and Married. Maybe not.

Lunenburg Co Va tithes records 1st shows Frederick Pettypool in 1769 and he has Two tithes & 400 acres. Probably married and probably born in the 1730's. I believe he is another son to William Jr and Frances and hence a brother to Ephriam. Tithes records of May 1774 show Frederick Pettypool living near Wm Jr and Wm Jr is shown as William P.Poole Jr at this early date to do this. Other Pettypools are on another different page. Wm Jr died a few months after this, in Lunenburg Co. Tithes records of 1783 show that Frederick Pettypool has 6 people in his house of age 21 and 1 white soul and 1 black soul. I believe my Henry P.Pool bn 1760-62 is in this household and that the 1 white soul is a minor under tithes age of 21 and I belive this is the Isham Pettypool who was born 1770. In 1786 Lunenburg Co Va a deed of gift from a Frederick Pettypool to a Henry Pettypool. since a gift probably father to son and I believe this is my Henry P.Pool and his father Frederick and that Frederick is s-o Wm Jr & Frances. In lunenburg Co Va marriage records on 10/11 1788 Henry Pettypool md Jenny Green and 1795 Isham Pettypool md Rhody Bowers. I belive this is my Henry and 1st wife and a brother Isham. Family records say that my Henry married twice. Henry & Isham both settled Montgomery Co NC. where they lived for years. In Lunenburg Co Va 1789 Frederick Pettypool shown in Deeds records and 1805 an Isham Pool in a deed. I have wanted to find Pettypool's in a 1790 Virginia census of Lunenburg Co Va. The book has Lunenburg co shown in the front of the book as to recap totals etc. but have found no people in the book as shown in Lunenburg Co. I need to find out why. I think the names Frederick and Henry are actually named for Tally or Talley people I found.

I think another son to Wm Jr and Frances was a Seth Pettypool born in the 1730's that settled in Dinwiddie Co Nearby and married Ann Tucker. He almost has to belong to Wm Jr as Seth Pettypool b1702 had a son Seth Jr that was ba 1730 and married Mary wood and settled Granville Co NC and had 12 children. This Seth of dinwiddie Co had 3 sons and 6 daughters that lived. I have their dates of birth and who they married. a Son Seth Pettypool was the first child born 1765. There were two more brothers named William and Joseph and all I have on them is their b-dates and who they married.

The son Seth b1765 married Lucretia (Cretia) Winfield of Sussex Co Va. He is shown in the Dinwiddie co Va Census of 1790 but also may have lived in Sussex Co. They moved to Wilson Co Tenn and later settled in Calloway Co Ky. Seth's wife probably died first. Seth made he will 1836 Calloway Co Ky proved 1839. I have a copy of the will. He names sons Robert W. P.Pool who was born about 1786 Vir and Armstead P.Pool born 1794 Virginia and also three daughters. Robert W. PPool stayed in Calloway Co Ky and was a constable there and had a son Hezekiah Pettypool that married there about 1834. This Hezekiah had several children including a ~~Rxkxx~~ Dr (Bob) Robert Henry PPool and a William (Bill) PPool and a brother Mack P.Pool a traveling minister. This family would be a little relation of my Henry P.Pool and these names of Robert and Henry and Mack were my relatives names in Missouri also Henry. The Dr PPool book's authors show these Dr as cousins of their familys but I think they are more related to my family. As this family of Calloway Co descend from William Jr b1700 and the authors descned from Seth b1702. The authors say that Dr Bob P.Pool of calloway Co Ky is probably the same as Dr Bob P.Pool of Trigg Co Ky but then shows they have different wives and according to the Dr PPool book the Dr Bob PPool of Calloway Co Ky died young about 35 and the Dr Bob P.Pool of Trigg Co had a large family. Armstead PPool and Robert W. PPool are shown in the Dr PPool book but not their parents & the author shows that Armstead moved from Ky to Tenn to Miss before the civil war. Amrsted lived several places and albbgether lived Vir-Tehn-Ky-Tenn-Miss-Alabama and in Texas he visited several times the last time ~~ix~~ at age of 75 at Mineral Wells. The Southern historical familys Vol IV by Boddie has an article on the Seth Pettypool of dinwiddie Co Va and his Son Seth and his descendants including Robert W. PPool and Armstead and some of their descendants. Armstead was married twice and had a total of 13 children. A Mrs McCutheon of Long Beach descends from a daughter of Seth & Ann (Tucker) P.Pool of Dinwiddie Co and Mrs Ed Baugh of Kenbridge Va (Lunenburg Co) descends from another daughter. Mrs McCutcheon sent me research and particulary on her lineage.

Well to Recap. Wm Jr and Frances had three sons in Parish records: Stephen b1721, Phillip b1730 and Henry b1740. And I believe Wm Jr had three more sons Ephriam bn 1724, and Federick and Seth born in the 1730's. I ~~xxx~~ have seen no researchers claiming these children to be descendan ts of Seth Pettypool b1702. The Boddie book shows that Seth Pettypool b1765 who married Cretia Winfield sometimes signe his name Seth Jr and said he was probably the g-son of William Pettypool Sr who was given land in Monks Corner in Prince Geo Co. But this Seth would be a great g-son to Wm SR and Wm Jr would be his g-father.

family records of my Henry P.Pool show he was married twice without nameing the 1st wife who I think was Jenny green in Lunenburg Co Va who he md in 1788. Family records show they had 2 sons without nameing them. I believe this is true but think they also had a daughter bonn 1793-98 as indicated by Census. I think the two sons were born 1789 and 1790 and they are missing to me so far. I thought I had found one. But no. I think the daughter was named Frances P.Pool for Henry's g-mother frances Tally. I think she married a Christopher Davis of Richmond or Montgomery Co NC. another Christopher Davis made a will in Richmond Co NC 1786. I think Christopher & Frances davis lived in Henderson Co Tenn ~~xxx~~ in 1830 and in Grimes Co Tex 1850 & 1860 per census records. They (Christopher And Frances are shown born 1793 NC but in 1860 Frances is shown born 1798 NC. I belive she was a daughter and have a reason for thinking this but cannot prove this so far.

In 1790 Halifax District NC census a Henry Pettypool with one son. I think he is my Henry and probably lived Edgecombe Co where his uncle Philiip lived earlier and which Co was in the Halifas Dist census. I think Henry moved to Fairfield Co SC in time to be also included in the SC 1790 census as SC had to be allowed 18 additional months to complete their census. Henry by then has two sons instead of one. and this agrees with the 1800 NC census which indicates two sons 10 & Upwards and a daughter ba 1793-1798. I think Henry P.Pool lost his wife about 1798 NC possibly after the daughter was born. He remarried in Montgomery Co NC about 1799 to a Margaret Tarbutton (about 16 and Much younger than Henry). She was born about 1783 NC and most of her relatives and brothers and sisters were of Richmond Co NC. Census records indicate a son was probably born 1799-1800 and we in Mo have no records of him but I think it was a Joseph P.Pool b1799-1800 and Margaret had relatives named Joseph Tarbutton who I

think were a father and brother. The brother lived Near Henry P.Pool in Montgomery Co NC 1810 Census. I think the son Joseph P.Pool married in Hall Co Ga 1828 to a Rebecca Hinkle and in 1830 they are living close to my Henry P.Pool and Robert P.Pool b1802 (my gg g-father) and have a small son. I think ~~they~~ this son Joseph died just before Henry P.Pool & family left Ga in late 1831 or early 1832 or maybe he died on the way to Mo or just after they arrived Mo 1833-34. I think Joseph's widow Rebecca (Mrs Rebecca Pool)remarried 1835 in Mo. I can tell that Henry & Margaret P.Pool had a son and daughter born between 1800 & 1810 in Montgomery Co NC that are missing. This could be a William P.Pool and a Martha P.Pool that married 1829 and 1831 respectively In Hall Co Ga but there were other Pettypool people in Hall Co that these children could belong to. Our ancestor bn 1870 Mo names 4 sons and 5 daughters that belong to Henny and Margaret P.Pool. Isham ba 1802, Robert bn 1805 (my gg g-father) Seth bn 1810-14 who is missing and Abraham bn 1817 also daughters Bedie, Annis, Mary, Sarah & Nancy. I have records on all except Seth. Our ancestor says he was a son and the 1840 Mo census does not name children but shows them in age groups and Seth is shown(ba 1810-14) and by 1850 census which names children he is not shown in Mo. Altho he could have ~~xxx~~ left Mo it is more probable that he died between 1840 & 1850. Most of the children born NC but from 1822 on born in Ga. This family left NC about 1819-20 and several Tarbutton People left NC 1819. Neither familys shown in the Hall Co Ga 1820 Census and there was no 1820 Montgomery Co NC Census. Several children of Henry P.Pool married in Hall Co Ga or while living there. Henry P.Pool and Isham P.Pool his son was in the 1827 Land Lottery of Ga and drew land and so were some Tarbutton People. In late 1831 or early 1832 (when Abraham b 7/1 1817 was 14) this Henry P.Pool and married and single children left Ga. Their son Isham was not in a 1830 census and was probably on the move to Tenn between 1830-32. Henry evidently joined up with Isham and they came thru SW Ky where a daughter married June 1832 in Livingston Co Ky which was probably that part of this County that became Crittenden Co in 1842. This area is near Calloway, Caldwell Co's Ky and not farm from Trigg & Christian Countys and all these countys had Pettypool's and most of them had Pettypool doctors. I think Henry may have been looking for relatives particularly in Calloway Co Ky. The family evidently came thru Tenn and finally settled Near Mansfield, Mo late 1833 or early 1834. This was pulaski Co but became Wright Co 1841. Henry died 10/22 1833 and may have made it to Mo but could be buried Ky or Ills and Margaret die 1848. Our ancestor born 1870 Mo wrote a letter nameing the children of Henry P.Pool and Margaret and she said there were Pettipool Doctors In Ky distant ken to us.

Now to the descendants of Seth Pettypool & wife Martha Ragsdale. They had a son John Pettypool bn 1725. Clayton Willis, , 5238 Pale Moon Drive, Perdido Bay Estates, Pensacola Fl 32507 is a researcher & descendant of this John. He is quite a researcher He has helped me and sent me research on his family. I cannot find his particular letter but I know that he was born in the area of Falls of the Rough Ky and Owensboro Ky. There is where he was raised. This is not far from Breckenridge Co Ky where his ancestors evidently came to. from Granville Co NC. I forgot to mention that this John Pettypool b1725 settled at Granville Co NC. Stephen Pool of Hayti, Mo ancestors also came from this area of Ky to McLeansboro Ill and finally to SE Mo. Stephen's g-father was a Stephen P.Pool. I wrote Mr Willis and sent him research (which I will also show in my letter) proving that Willis and Stephen's ancestors belong to the same old family. I gave him Stephen's address and I hope he wrote him. I have Written Stephen a few times. He has only written me once but he seems to be a nice man and I also hear this too. One of my distant cousins from here settled nearby Hayti, Mo at Sikeston and is a minister there. He wanted to boorrow the letter that Stephen wrote me about a year and half ~~xxxx~~ ago I guess and said he would go by and see Stephen. He told me that he had hear of Stephen and had been told that he was a nice man.

I first heard of Stephen Pool thru a Pettypool man named Thaddeus Sanford Pool. I went to visit this man who had-had strokes and was probably in his middle 70's at least, this was about 1974 or 1975-6. I was railroad agent at Mountain Grove, Mo where this man lived and he had earlier lived in Texas and Okla and had no children but his wife had a son by a 1st marriage. My wife met his wife and accidently found that we were both Pettypools. She wanted me to come visit. I only saw him once

and he talked a lot despite the strokes and told me old P.Pool storys. He knew a lot and I was not interested in the P.Pool family tree and I could kick myself for not asking him where he was raised and where his father & grandfather raised and what their names were and for not listening better and for not asking questions. about 5 weeks later I told someone I was going back to visit him and was told he was dead and buried and that his wife had gone back to Okla or Texas. He told me that his ancestors came from Stovall NC in Granville Co. Granville is where this John P.Pool b1725 settled also where his xxxx brother Seth Pettypool Jr ba 1730 settled. I am not sure whether he said they left NC and Settled at Ky or Tenn. Maybe both. But seems like his talk was more of Tennessee and said that Pettypools went from there to Florida and Texas and named another state possibly Mississippi or Illinois. But then he also told of a Pettypool man in Tenn who got into a fight and accidently killed the other man but said the Law was after this Pettypool man and had him "hemmed up" in about 10 acres or so of Woods but the man eluded them and was not hear of again but years later was found to be In SE Mo. This is course the area that Stephen Pool lives in. He also said he knew Stephen Pool at Hayti, Mo who he said was a Pettypool descendant and from talking to him I figure he and Stephen was of some relation. This man described himself as a living legend I guess because he had no children and was the end of his lineage I guess. And He looked so much like my deceased father and their physical build was so much alike and their actions and yet they would not be of any close relation at all. It was amazing to me. He told several odd storys with his wife objecting all the way. He said that he knew or knew of a William (BillY) P.Pool who got into a raiding gang after the civil war I believe in Texas or Kansas and I believe this is possibly the brother to Stephen's g-father Stephen P.pool. He said Stephen Pool at Hayti, Mo ran a salvage business and about a few weeks later I saw a truck go thru Mtn Grove Mo and it had a sign on it StephenP.Pool Salvage Co Hayti, Mo and loaded with scrap on the large truck and yet when I wrote Stephen and mentiond about this he did not say aything about being in the Salvage business. I also mentioned about the man in Tenn accidently killing a man and coming to SE Mo and he did not comment on this. But I mentioned that Thaddeus Sanford Pool mentioned about a William (Billy) P.Pool riding in gangs after the Civil war and that I hought it could be the brother of his g-father Stephen Pool and Stephen Pool said he would not be suprised if it wasnt him as xxx he talked like That this William had somehow got the property of his Father Sanford Pettypool who evidently died in Breckenridge Co Ky area. Notice the name Sanford Pettypool and this man at Mtn Grove Thaddeus Sanford Pool. Evidently Stephens complaint was that his grandfather Stephen P.Pool got nothing and William (Billy) got everything. Anyway Stephen Pool did say in his letter that he had met the man at Mtn Grove and I think they are somehow related and I wonder How. Maybe this Billy who rode in gangs in Texas or Kansas was his grandfather to Thaddeus Sanford Pool. This Thaddeus Sanford Pool's wife I learned about two years ago is dead. And the funeral home gave me two relatives to this man. One party in Winnie Texas and a sister in Danville Ill that is probably dead now. I am going to try to find out if she still lives there or has children living there. Seems like her name is Stine and I have her name somewhere. But the Springfield Mo Library has no phone book of Danville. I wrote the party at Winnie Texas but no answer.

I am going to send you some charts from two different Partys that I have. One from Mr willis xxx and another party and both have to do with the descendants of John Pettypool born 1725. I am showing it here in this letter but want to first show a letter that Stephen Pool wrote to a Pool researcher in Ga(who is not a P.Pool researcher) and this man in turn mailed to Me as I want to show it here in this letter and it is not long.

This letter was written in 1977 and says that he was 66 then and that he deals in tires for a living. He says my great -gfather was Sanford Pettypoole (you will find him named in the 1850 Ky census under Breckenridge Co). He lived in a small town named falls of Rough Near Owensboro Ky. He had 3 sons William, Hughes and Stephen all of whom fought in the Civil War. Hughes was killed in battle & William and Stephen survived. Upon Sanford Pettypoole's death he will his belongings, which were considerable (I understand that he was a house builder and maker of hunting firearms) to William upon which my g-father migrated to McLeansboro Ill xxxxx about 1870 and

to this area of Mo 1890. Most of my folks have died or moved from this area. Have only one cousin here by our name. My g-father shortened the name to Poole and my father, John, further shortened it to Pool..... end of ~~thexax~~ his letter.

Notice his letter mentions that his great g-father wills his property to William. I do not believe in his letter he mentioned this but did say that William got everything and I think the other children got nothing and Stephen evidently was not pleased about this as his g-father Stephen and other children got nothing.

About 2 yrs ago a party in Hill Co Texas sent me an article on Pettypools. I had written this party about one of my P.Pool's born 1838 in Mo who settled in Hill Co Tex in 1868 and at that time I was looking for descendants (and I found them). I can tell this article came from the Hill Co Genealogical Soc and I do not know why. Possibly someone there in Texas is related to people in this article. The front page of this article shows "The Pettypool Family" and then has two sheets of names. I think it's taken from a booklet or book "Nelson Jolly Sr and his family of Breckenridge Co Ky" by Nellie Fern Baker, Gateway Press Inc Baltimore. The Jolly and Pettypool family had a tie. I want to show some of this chart here but names too numerous to show them all. I can later make you a copy of this article in Springfield after I get home if you wish. I sent Stephen Pool at Hayti Mo and Clayton Willis in Flo a copy. Here is the article.

The Pettypool family (the prefix Petty was dropped in early 1800's). Stephen Pettypool married Margaret Halliburton. Stephen b 12 May 1763 Probably Granville Co NC d 20 Apr 1841 Breckenridge Co Ky. Margaret ba 1767 Orange Co NC d 20 Feb 1844 at Breckenridge Co Ky, both buried in the family Cemetery on Tuels Creek. In 1805 Captain Stephen & Margaret (Halliburton) Pettypool immigrated to Hardin Station, Breckenridge Co Ky from Granville Co NC. He was son of John and Sarah Pettypool g-son of Seth Pettypool, who came to America in the British Army Service....... (Clayton Willis in Florida says that part about Seth coming to America in the British army service in incorrect and I agree)........ the article continues..... Stephen Pettypool was a farmer and gunsmith. Margaret Halliburton was the last of 6 children born to David Halliburton Sr and his wife Amy Humphreys. David Halliburton Sr was ba 1727 in Scotland. Came to Colonial America in 1746 locating in Mecklenburg Co Va. He married Amy Humpreys about 1752 in Virginia. Amy (Humphreys) Halliburton was the executrix of her husband's will dated 3 Jan 1767. She probably died in Caswell Co NC around 1790. She was married to James Jones at that timel Stephen amd Margaret (Halliburton) Pettypool were the parents of 9 children five of whom were born in Brechenridge Co Ky.

1. Martha Pettypool b 6 Feb 1787 d 2 Oct 1864 Breckenridge Co Ky married about 1805 to Joseph Pumphrey Wilkerson b 3 Mar 1784 Granville Co NC d 13 Jan 1850 Breckenridge Ky (I am not listing their 13 children here as shown in this article)
2. John Pettypool married Kate Graves. One child Latchlin Pool
3. William Pettypool md Jane Brown. One child Margaret Pool but there may have been others. Margaret md Milton Board 6 May 1847 a Breckenridge Co Ky judge.
4. Sallie Pettypool
5. Prudence Pettypool (died in Infancy)
6. Agnes Pettypool b 13 May 1791 d 26 Nov 1866 Breckenridge Co Ky, md12 Mar 1812 to Samuel Jolly b 20 Feb 1779 PA d 23 Apr 1853 Breckenridge Co Ky. (there are 12 Jolly children in the article that I am not showing here).
7. Edness Pettypool ba 1792 died Falls of Rough Ky md John Wilkerson.
8. Margaret Pettypool ba 1798 NC md Thomas Wilkerson. Will of Stephen Pettypool states this daughter as Peggy. Hayden. Peggy is nickname for Margaret.
9. Sanford Pettypool b 17 Oct 1799 d 7 Jan 1888 Breckenridge Ky, buried at Axtel Ky married 21 Apr 1804 to Mary (Polly) Critchelow b 21 Apr 1805 d 22 Jan 1867.Children:

    8. William(Billy) Pool m/1 Betty Green m/2 Mary Margaret Duggins

Houston or Hughes?

9. Frances (Fanny) Pool md William Board
10. Evelyn Pool 1847-1847

Pls note this article on Captain Stephen Pettypool is not to be confused with the Captain Stephen Pettypool born shortly after 1772 the son of William Pettypool III and his wife (2nd wife) Sarah Tynes as this Capt Stephen Pettypool lived mostly I think in Mecklenburg Co Va. Notice I have underlined Huston. Stephen Pool at Hayti in his letter mentions Ancestors Stephen, William and Hughes who was killed in the war and this article mentions Stephen,William and Houston, who was killed in the War. I think it is the same family and I do not know which names is correct. Anyway this article is evidently the ancestors of Stephen Pool at Hayti, Mo.

I am going to show the family chart that Mr Willis sent me on John Pettypool ba 1725 or at least part of it. Notice by the names of some children he has the name Ky. I guess he means those children settled Kentucky. Notice John has a son Stephen that was born 1763 who the article I have just shown is about and is the ancestor to xxxx Stephen Pool at Hayti, Mo. Also a son Logustin P.Pool ba 1775 Granville Co NC who was married 3 times and also Settled Breckenridge Co Ky and is the ancestor of xxxxxxxxx Mr Willis in Florida. So this will give you an idea as to how they are related. I have never been good in figuring out cousins. But they would be distantly related, and their ancestors closely related. Here is the chart of Clayton Willis:

John Pettypool b 6 Jan 1725 Prince Geo Co Va died 1803 Granville Co NC the ggg gfather to Clayton Willis of Pensacola Flo. He married Sarah Sanford BA 1730 died 1813 Granville co NC. Her father was Robert Sanford & wife Ann Durrett. Children:

1. Elizabeth "Betsy P. Pool Bn Rutherford Co NC d post 1814
   md John Benjamin Jones
2. Sarah "Sally" P.Pool Bn Granville Co NC D post 1814
   m/1 Edmond Jones m/2 (post 1803) David Wilkerson
3. Frances "Fanny" P.Pool KY bn Granville Co NC ante 1765 D 8/26 1837-Dec 1837
   md Buckner Rooks
4. William P.Pool KY bn Granville Co NC ante 1765 D Post 1814
   m/1 Frances Brooks/Burk m/2 Frances Owen
5. Stephen P.Pool Ky bn 12 May 1763 Granville Co NC D 20 Apr 1841
   md ante 1786 to Margaret Halliburton
6. Robert Sanford P.Pool Ky bn 1765-1770 Granville Co NC D ante 18 May ~~1841~~ 1835
   married Nancy Ann Boyd 4 Apr 1789
7. Martha "Patsy" P.Pool Bn Granville Co NC d 29 Feb 1861
   md William Wilkerson
8. Logustin P.Pool Ky bn CA 1775 Granville Co NC da 1852
   m/1 Martha Satterwhite m/2 Letitia Wilkerson m/3 Susan Blanks
9. Agnes "Aggy" P.Pool --------- d ante 1803
   married William Jacob Dixon.

Pls note the 9th child Agnes. Mr Willis shows that she was born between Frances & Wm so agnes would be the 4th child instead of the 9th. Notice the Robert P.Pool who in Halifax Co Va 4/4 1789 married Nancy Boyd. I do not know anything of this lineage except wanted to point out they married in Halifax Co Va, as I have seen marriage records. Notice the two sons Stephen and Logustin. Notice the William PPool a son that is shown marrying Frances Books/Burk then later Frances Owen. I do not know if Mr Willis is Accurate on all of this. He could be. But on 2/15 1775 in Lunenburg Co Va there was a William Pettepoole that married a Frances Brooks but another records shows it Frances Burk. I am of opinion that Brooks is correct. Some Brooks people moved from Lunenburg Co Va to Newberry Co SC. Also in Newberry Co SC 1796 a William Pettypool made a will proved 1797. His wife Frances P.Pool made her will 1811 Newberry Co SC proved 1811. a reseacher in SC years ago sent the contents of these wills to another researcher who forwarded them to me. This researcher In SC is probably dead by now. she said that this Frances P.Pool was the Frances Brooks who md William Pettepool/e in 1775 Lunenburg Co Va. here is the way she showd William Pettypool's will in Newberry SC; William Pettypool Will of 1796 SC proved 1797 Wife Frances P.Pool EX with William Caldwell. children Edward P.Pool, Mary Ragsdale, Pattie Pool rest minors Nancy P.Pool, Richard P.Pool, Frances P.Pool, Laban P.Pool if he live, William P.Pool. (the researcher indicated that Edward P.Pool and Pattie

Pool & Mary Ragsdale are children by a 1st wife and the minors by Frances a 2nd wife). Witness: Bartlett Satterwhite & Martha Satterwhite.

I feel sure that William and Frances (Brooks) P.Pool moved from Lunenburg co to Newberry Co SC. I think she was a 2nd wife alright. in 1793 William & Frances gave power of attorney while living in Newberry Co SC to a man to sell some land in lunenburg Co Va. Also in 1806 Frances P.Pool wife of deceased William Pool of newberry Co SC deeded about 100 or 120 acres of land in Lunenburg Co Va to a Horattio Winn. It has been my belief that Horattio Winn was a son in law to Frances P.Pool as in 1800 a Lunenburg Va marriage ~~mf~~ record of Horattio Winn marrying Pattey Pettypool who I think is one of the daughters of William P.Pool and his 1st wife. So I guess you would have to say that Horattio Winn was probably a s-i-law to William. And in Lunenburg Co 1800 a marriage record of Edward ~~RxRmmx~~ Pettypool to a Sarah Wrenn. He is another son of William Pettypool who moved to SC and when Frances made the deed of Land to Horattio Winn Edward P.Pool was a witness. The only problem is that DAR records show that Horattio Winn married Mary Pettypool d-o Calwell Pettypool. Colwell Pettypool b1746 s-o Wm Pettypool III did have a daughter Mary and they I think did live in Lunenburg Co Va too. So What a Puzzle. Possibly Horattio Winn had a 1st & 2nd wife named Pattey Pettypool and Mary Pettypool or vice versa. I do not think at all that Pattey is a nickname for Mary. I have also seen in records where a William Pettypool ~~mf~~ Jr of Lunenburg Co Va moved to SC in 1787 and showed that since then he had died and showed about 1803 I think that some of his children had moved back to the Lunenburg Co Va area and that they had some of the property of this William or William Jr. Well I wonder about this William who seems to be the one that married Frances Brooks 1775 in Lunenburg Co(a 2nd wife). I wonder who this William Pettypool or William Pettypool Jr is. He would be about the right age to be the William Pettypool Jr B1748 who is shown in the Dr Pettypool book marrying Katherine Moore in 1794-95 in Lunenburg Co. One records shows 1795 another 1794. But he would be about 46 or 47 then. This William Jr b1748 in the Dr PPool book is a Brother to Colwell Pettypool b1746 and they are the first two childrn of Wm Pettypool III. I will admit that the author may be right about this marriage in 1794-95 as Tithes records of Lunenburg Co Va seem to indicate that this William may have not married until late in life. What a mix up. No one seems to know. I wrote Clayton Willis about this marriage of William and Frances in 1775 Lunenburg Co Va and never heard from him and now notice he has this William as being in his old family. But how could this be if he married Frances Brooks and then died before she did and still marry a 2nd wife.

John Pettypool b1725 who we have discussed had a brother Seth Pettypool ba 1730 who md Mary Wood & they also settled Granville Co NC. I do not ~~kmw~~ know if married Va or NC. Altho some researchers show this Seth as being the s-o Seth Pettypool b1702 the Dr PPool book does not identify him as a child on the same page as other children. This Seth Pettypool is shown in back of the book in his will of 1789 nameing his wife and 12 children in Granville Co Nc. some of the children and some g-children are shown in research but the author evidently did not know the two Seth's were son & father. but this Seth b1730 has to belong to Seth b1702 or Wm Jr b1700 and this Wm b1702 had a son Seth that settled Dinwiddie Co Va and tithes records indicate in 1748-51 that Seth Pettypool b1702 was living near his sons Peter, John & Seth Jr. almost proveing they are father & son. Seth Pettypool of Granville Co NC had 7 sons of the 12 children. I think one of the younger sons was Clayborn or Claybourn. I think he is probably the Clayborn P.Pool who about 1800 was in the Granville Co NC and probably the Claybourn P.Pool who made a will in Hall Co Ga 1824 and names a wife Patesy and daughters without nameing them and sons William and Thomas. My ancestor Henry P.Pool lived in this county then. in 1830 Hall Co Ga Henry is just shown Pool. Also this census shows a Martha Pool and since Patsy or Patesy is a nickname for Martha I belive it is Claybourns widow. She seems to possibly have a married child in her home who has young children I think and the age of Martha is about right I think to be the widow of Claybourn. The children William P.Pool and Martha P.Pool of Hall Co ga who married 1829 and 1831 respectively could be the children of Clayborn and wife instead of my Henry P.Pool.

Another son is Seth Pettypool, a brother to Clayborn. He was called Seth (ty). He lived in Person Co NC and a lady in SC wrote and said he was the only son to ~~say~~ stay in NC.

2242

He is somewhat a mystery to me. It is claimed he is the Seth Pettypool who married Elizabeth Ladd in Lunenburg Co Va marriage records of 1792. I believe this is correct. This marriage record shows a Thomas ladd as a consentor, or witness or bondsman or something. The Dr PPool shows that this Seth Pettypool was ba 1780 which is evidently wrong and that his wife was Elizabeth----- and shows them living Person Co NC and several children born about 1803 to 1816 (a guess since my copys are loaned out I am going by memory). I think it shows he married Elizabehh 1801 or about. It shows they had a son born about 1814 named Thomas. But DAR records show that Thomas Pettypool ba 1797 was the s-o Seth Pettypool and his 1st wife Elizabeth Ladd and that this Seth was ba 1770 (which is accurate I think) and that he was the s-o Seth Pettypool ba 1730 who was the s-o Seth Pettypool b1702 which looks correct. The Dr PPool book shows that Seth died in Person Co NC and I am not sure but I think 1843 and that his wife Elizabeth died in Person Co NC after this. But how could she be a 1st wife and survive him. So I wonder if this Seth(ty) could have married two women named Elizabeth. I know of no one that has the answer. I do wonder if some marriages were planned from Chilhood by parents as it seems that several people went back to Lunenburg Co Vir to marry. Well you can see by all my puzzlers and speculatio how much I know about the Pettypool's. I can see how Seth(ty) might have a son named Thomas as a Thomas Ladd may be a father or brother to his wife in 1792 marriage.

Another son was Phillip Pettypool. The Dr P'Pool book has research on him and his children. He had several but the odd part is the author shows Phillip settling in Texas but Phillip had several children in Mississippi particular in the West Point MS area. So Maybe he lived in MS before Settling Texas(theory). West Point was Lowndes co until about 1872 becoming Clay Co. The Dr PPool shows Phillip had a son ba 1812 who lived West Point who was married but had no children and was very rich. Census records show he was rather wealthy according to property value shown in Census's. But census records show him b-a 1818. His wife died 1st and I have a copy of his will made or proved in 1899 and I have never seen such a long and Precise Will and names a lot of Pettypool relatives and other people. His older brother Pendleton had TB and the Dr PPool book shows that he rode horseback to West Point MS where I think Seth or another brother took care of him until he died. And another Brother was William (billy) Alexandria P.Pool ba 1814 I think who married three times and I think he is the ancestor of a researcher Jodie Updyke at Billings, Mo and an Stuart V. Poole of Roxboro NC. I cannot remember all the children of Phillip but the Dr PPool book shows his children. and shows Phillips wife's name.

4 other sons William, Young,Jesse & John Pettypool settled in Greenville Co SC. I think William b1755 and Young 1765 were the older sons possibly but not sure. William married annie Street and was a rev war soldier. I have some reocrds on his pension attempts which were rejected. I ordered them from DAR in WAsh DC. About that time I received records from another party which seem to explain thes pension attempts better than I could decipher. And later found a descendant Researcher Margie P.Ball, PO Box 7, Coker Ala 35452. She is friendly and helpful and has sent me research on her family that descends from William (above). I want to list his children as she sent to me in letter form: William Pettypool bn Sept 12 1755 died June 10 1848 buried family cemetery, Locust SC in Greenville Co md Annie Street. Their children: 1. William P.Pool ba 1792 md Mary Taylor. died 1860-70 & buried Northport Ala, Tuscaloosa Co. 2. John P.Pool ba 1789 d Mar 1 1858 Greenville SC married Martha (Patsy) Boswell buried Greenville Co SC. 3. Seth P.Pool bn 2/1 1795 d 5/19 1879 md Maiden Seay Pace 5/31 1821 they are bur Greenville Co SC. 4.Irvin P.Pool ba 1875 da 1825 md Elender Potts, buried Greenville SC. 5. Rebecca P.Pool birth date not shown died before 1838 marrid a -------Stephens, buried Greenville SC. Margie P.Ball descends from the son William Pettypool (above) ba 1792.he married Mary Margatet Patinece Taylor bn 1795-5 died 1850-60 both are supposed to be buried in Northport Ala but Margie does not know where. They had 8 children and Margie descends from a son Ervin P.Pool bn Oct 4 1825 died 9/4 1902 buried Old Liberty Cem, Coker Ala who md Mary(Mollie) Finldey Jan 2 1867 also buried in Coker ala but at the Coker Cemetery. Someone sent me a chart of the John Pettypool (above) ba 1789 (died 1 Mar 1848) Greenville SC who md Martha (Patsy) Boswell. They had 10 children including a Thornton P.Pool b 19 Apr 1819 SC d 29 Jul 1905 Liberty Hill Tex. This son evidently moved to Texas.

Young Pettypool b 17 Apr 1765 d 10 Nov 1848 md Sarah "Salley)McVay b 1767 d 1854 at Greenville SC. I have seen the name also as McVey or ~~Mxxxxxgxt~~ McVeigh. A chart sent to me shows their children: 1. Mastin P.Pool b1796 married Lucinda Gailey in Hall Co Ga in 1826 2. Frances P.Pool md a Corby or Corley??? 3. Claybourn b1799 md Frances Pace 4. Polly P.Pool md a Bridges 5. Young P.Pool 6. Salley P.Pool b1804 died 1875 married Simeon Styles, Salley died ~~xxxx~~ 1875 buried Greenville Co Sc 7. Hampton P.Pool 8. Jordan P.Pool ......Claybourn P.Pool (s-o Young P.Pool) was bn 10 may 1799 SC d 19 ~~X~~ Jul 1885 SC married Frances Pace b Feb 1808 SC d 4 Oct 1880 SC. She was d-o Stephen Pace and his wife and research shows that his wife was a Seay and that the Paces were from France but family charts that I have seen shows Stephen Pace's wife was and Jane Wood parents were John Wood who married a Maiden Seay. So I do not know which is ~~xxxxxx~~ correct. Records of Young Pettypools daughter Sallie Poole b 21 Mar 1809 d 13 Mar 1875 married 7 Apr 1829 to Simeon Styles B 17 Mar 1808 D 18 June 1876. Hew as s-o Samuel Styles and his wife Selah Langston. I forgot that another d-o Stephen Pace, Maiden S. (Seay) Pace bn 26 Dec 1802 md Seth P.Pool bn 1 Feb 1795 the s-O William Pettypool b1755. Mastin P.Pool s-o Young Pettypool was ba 1796 NC and later he moved to Greenville SC with his father. Later Mastin P.Pool moved to Hall Co Ga where in 1826 he married Lucinda Gailey. My ancestor Henry P.Pool lived in Hall Co Tehn. Mastin is shown in the 1830 Hall Co Ga census but in 1830 moved to Hardeman Co Tenn and 4 yrs later moved to NW Ark & lived successivelly in Franklin, Madison & Washington Co's Ark. Mastin da 1869-70. 2 sons Augustin Clayton Poole b 8/29 1828 Hall Co Ga and John K. Pool b1843 are shown in the Washington Co Ark goodspeed book. I have a copy of the article.

John Pettypool evidently made a will 6 Feb 1837 In SC, He married Eleanor Green. The ~~wxx~~ will actuallyMade 13 Jan 1837 proved 6 Feb 1837 listing 7 children. Jesse P.Pool his brother married Tabitha Green a sister to Eleanor Green(Above) wife Johhn P.Pool. they were sisters to Elisha Green a Rev War soldier. Evidently Jesse and tabitha had only 2 children and in 1847 Jesse & Tabitha made deeds to their son Green P.Pool b 22 Dec 1792 and to Henry Darby who seems to be a son In Law to Jesse and Tabitha. Well to Recap I have shown odds and ends that I have on descendants of Seth Pettypool of Granville Co NC showing sons Claybourn,Seth, Phillip,William, Young, Jesse & John. All of this did not come from Margie P. Ball at Coker Ala.

So now I have metioned John Pettypool b1725 and Seth Pettypool b1730 brothers who settled Granville Co NC. They had a brother Peter Pettypool b1727 and so far the only research I have seen on him are two lunenburg Co Va deeds of 1757 and 1763. However I am of the opinion that he married but probably died young. I am guessing but I believe Peter is the father of a Benjamin Pettypool. More on this later.

So this leaves William Pettypool III ba 1726. As copys of Dr PPool are loaned out I have to go by memory. The books shows Wm III was married twice, ist to Mary Colwell and had 3 sons: 1. Richard (Colwell) P.Pool b1746 2.William P.Pool Jr b1748 3. John E P.Pool b1750. I may have mentioned that Wm III's father in Law Edward Colwell In 1748 in Lunenburg co Va deeded 400 acres to WmIII and wife Mary. The land was to be divided between the sons Colwell and Wm Jr. And they are later shown on land of 200 acres each. So Wm III did have 2 sons bn 1746 and 1748 as the deed of 1748 shows these two sons. So William III was probably ba 1726. Colwell is shown on various deeds, census records, tithes records etc as either Colwell, Coldwell or Caldwell. The Dr PPool books shows his listed as dead in the 1700's in the Rev war as a soldier. But there is ample papers showing he survived the war and was living in Lunenburg Co I think in the 1820 census and I found records of him as late as 1828. The Dr PPool book shows that Colwell md Mary Gromarrin and that they had 5 children 1768 to 1773 I think. But Dar records show they had 7 children. I believe this is more accurate. The book and Dar agrees only on 4 children, as both show names. a puzzler. about 1780 Colwell lists 6 chilren in Deeds of gift, as far as I could tell but probably had another child later. But a Mrs Gayle of Richmond Va is a descendant of a Colwell Poole ~~bxx~~ b1789-90 Vir who at the age of about 16 (1805-06) settled in Montgomery Co NC. Mrs Gayle sent me an article in the Montgomery Co NC heritage book written by a distant relative. The article says that This Colwell Poole who was also Called "Collin" Poole was the son of Colwell PPool the Rev War soldier born 1746 and that a friend in Montgomery Co NC who had been in the Rev War with Colwell decided to go to Virginia to Visit his friend Colwell P. Pool and that the son Colwell was the youngest of 8 or 9 children. Correct as he would be

the 8th child. And that this Colwell Poole b1789-90 the son came back with the friend to Montgomery and stayed and he was in the Montgomery Co NC Census of 1810 and lived in this area probably the rest of his life. I believe this is an accurate account.

Now to Colwells brother William P.Pool Jr b1748 who is quite apuzzle to me. The Dr PPool book shows him as marrying Katherine Moore in Lunenburg Co Va 1795,other records show 1794. He would be 46 or 47 then and you would think this was a 2nd marriage or a mistake possibly. But tithes records appear that he probably married late as when his name shown, not many tithes. The author only mentions the marriage and shows no family. I have tried to figure that this is the William PettypoolJr that went to SC and of Course a William Pettypool died in Newberry SC about 1796-97 after leaving Lunenburg Co about 1786 I think. But this William Jr b1748 and John E. born 1750 I think were in early 1800's as far as the deed records of Halifax Co about the general time when William III their father died about 1813. I think I saw these two sons listed in deed records of Halifax Co. and I think they were in on the settlement of WM's III's estate(going by memory). and the Dr P'Pool book does not say much about John E. P.Pool except born 1750 and had a wife Frances. shows no children. the author does show that Colwell and John E. (brothers) were both rev war soldiers.

William Pettypool III married 2nd to Sarah Tynes about 1772. They had a few daughters and a few sons. One son Captain Stephen Pettypol, No date shown was probably born soon after the marriage. I think he lived lated mostly In Mecklenburg Co and I think he married a Gregory and they had several children as well as the son William I early mentioned in this letter. Other children listed in the Dr PPool book. Wm III and Sarah Tynes also had a son Seth Pettypool (your ancestor) b 1774 and the book shows he 1st md Miss Overby and later to Elizabeth------. Of course Seth left Halifax co Va and his will 1834-36 of Trigg Co Ky. I want to get back to these sons Seth and Stephen later. Allen T. Pettypool was the last child born 1786. I cannot remember who he married but the family shown in the Dr P'Pool book and a Ruda V. P'Pool b1899 never married is mentioned in the Dr PPool book. I wrote her a couple of yrs ago at dallas tex. She was still living then but may be dead. She just briefly answered me. But I am told by Pettypool descedants that live near there that she is not much interested in Talking about the Pettypool family, anymore. Well you can see that Wm III had 2 wives and children born from 1746 to 1786. This is a 40 yr span. But I guess it would be possible if the 2nd wife was much younger. I have wondered about this.

Capt Stephen P'Pool of Mecklenburg Co Va evidently had son William who is the father of T. C. Poole or Pool the father of Mrs Bob Smith. The book mentions much about Stephen and his family and descendants as this is the author's lineage. One son Edmund Franklin P'Pool b1814 Mecklenburg Co Va had a large family. He came to Nashville 1857 and he and 4 sons became doctors and attended the Nashville Medical college. The father stayed Nashville and the 4 sons scattered. Dr Atha (Greg) P'pool at Wallonia Ky and Lamasco Ky. also Dr Elbert Stephen P'Pool at Edwards MS also Dr James Emmet P'Pool at Forrest City ark and another brother show in the book as Dr Elmer Franklin P'Pool or Dr Frank P'Pool born 1855 Mecklenburg Co Va settled in Brandon Tx. This Dr actually married at Livingston Tx in Polk Co 1891 before settling at Brandon Tx in Hill Co. About 1917-20 he moved to Socorroco NMex where he died. But practiced Bryan & Ballenger Tx awhile before going to NMex. In Texas records and census he show his name F. E. P'Pool or P.Pool. Notice the initials in reverse from the Dr PPool book. He lost his wife 1898 after 3 children born and his wife Emma Mary Oates that had a brother that raised the children. The author evidently did not know that Dr Frank P'pool had practiced at Mansfield where my P.Pool's lived. The Mansfield library booklet shows he was one of the first three doctors there and left Mansfield in 1886 after being there 2 yrs and settled texas. In apr 1885 at Mansfield Mo he wrote a letter for our Abraham P.Pool b1817 who had a stroke. I have a copy of the letter. Abe was able to sign the letter. Under abe's signature this Dr signed his name Frank P'Pool as witness telling Abes 3 sons that abe signed it with his Lame hand. Abe's g-dauther bn 1870, on back of the letter wrote that Dr P'Pool wrote the letter for her grandpa Abe. She even signed her name P'Pool instead of P.Pool. a descendant of Abe's at Mansfield gave me old pictures of Abe & wife & among them an old picture that looks like 3 doctors. I suspicioned it to include Dr Frank P'Pool who evidently Treated our Abe P.Pool. And the I later finally located a Howard M. Lock of

Ft Worth Tex who is a g-son to this doctor. I mailed him the old letter and old Picture and he called and wrote and said indeed it was his grandfather Dr Frank P'pool as he had another picture of him. He was glad to get the picture and know that his grandfather practiced at Mansfield, Mo.

The one Author of the Dr P'Pool book Dr David Bruce P'Pool b1889 is a son of Dr Greg P'Pool Of Wallonia and Lamasco Ky. This Doctor also attended the Nashville Medical College and has a son Dr David Bruce P'Pool Jr at Nashville. I wrote to Edwin C. P'Pool at Nashville a nephew to edward Herman P'pool who started th book.

Now to your Seth Pettypool ba1774. Diane Clute, Arkron Ohio descends from Seth's & 1st wife Miss Overby's son Buckner P'Pool b Oct 4 or 8 1800. You may know her. If not you may want to write her. The Dr P'Pool book shows that Seth Pettypool & 1st wife Miss Overby had 3 children and that Seth & 2nd wife Elizabeth---- had 5 children. Researchers Lester Howard & Mrs Frances Curry show that Seth married Elizabeth Wilson 10/27 1806 in Halifax Co Va which is correct. But the Dr PPool book shows their children were not born for several years, probably at least 1818. I believe this is not correct and I believe Lester's chart is more accurate and I am showing it here.

Seth Pettypool ba 1774 1st md Miss Overby about 1759-98 Halifax Co Va m/2 Elizabeth Wilson 27 Oct 1806 Halifax Co Va. Seth's will Sep-Oct 1834 Trigg Co Ky buried Thomas Graveyard, Trigg Co Ky. Pls notice I got the 7th child in front of the 6th Child above. Notice Lester shows that Seth married Miss Overby about 1795-98. I think its possibly just a little later about 1799-1800 that they married. my idea. Lester Howard is a respected researcher and has helped me in my research. Mrs Frances Curry belongs to the Genealogical Soc at Springfield and also works monday at the Library there. She is very interested in her Childress family . She has helped me and let me copy pages from her Dr PPool book. She descends from Sarah Virginia P'Pool who md Henry Childress who moved to the area of Mt vernon,Mo in Lawrence Co Mo not farm from Springfield, Mo. Her address is Mrs Frances Curry, 1428 So Roanoke, Springfield, Mo 65807. Lester Howard descends from Elizabeth P'Pool and Billy Howard who are his g-parents. Lester was bn 1907 Montague Co Tex s-o James Lee Howard B 1864 Grayson Co Tx. His address is Lester Howard, Route 5 Box 59, Muleshoe Tx 79397. On his chart he shows Mrs Curry's name also an Effie Carmack, 7379 Santa Ysabel, Atascadero Calif who must be a descendant somehow, Maybe you know her. Of course I see your ancestor on this chart too.

I want to show at least one chart that Diane Clute sent me:
Buckner P'Pool b 8 Oct 1800 Va married Matilda Faulkner 1 June 1826 md Cadiz Ky on June 1 1826, Matilda b 29 Feb 1804. They are buried Wallonia Cem Trigg Co Ky.

9. Margaret P.Pool
10. Lavinea P.Pool
11. William Benjamin P.Pool bn 19 Dec 1842 md 24 Dec 1863 to Elizabeth Jones buried 1879 Caldwell Co Ky.

Notice Seth P.Pool b1832 this is the father of Byard D. P'Pool who lived in Ft Worth Tex in the 1940's and I think a letter to the author is shown in the Dr PPool book. Diane (Blanks) Clute descends from the 11th child Benjamin P.Pool b1842. She shows that he and wife had several children including Cynthia Anne P.Poole bn 29 Oct 1864 who married John Acquilla Blanks bn Sep 1 1857 d 20 Dec 1946. They married may 19, 1887. John Aquilla Blanks born Caldwell Co Ky died Cherry Hill Ky(outside Central City). Cynthia Anne P.Pool possibly born Cobb Ky in Caldwell Co died 2/11 1953 Cherry Hill Co. Diane's father was Aubrey Eugene Miller b 8/9 1904 who I think md Oct 31 1927 to Alma L. Glazebrook. Her father is still living.

I mentioned Mrs Gayle or Richmond Vir who descends from Colwell P.Pool. She does not have time to research a lot, so I only write her when I feel that I need to. She sent me an account sent to her by a friend, a Mrs Tarkington of Clarksville Va in Mecklenburg Co who Mrs Gayle thinks is an Overby descendant. You remember me mentioning Peter Overby Sr of Halifax Co Va known as land granter Peter. I guess Overby people lived in both Halifax and Mecklenburg Co Va. Her is the account that Mrs Tarkington gave to Mrs Gayle....Peter Overby Sr's wife was named Ann and they had 6 children: 1. Sylvania 2. Slyvesta 3. Herod 4. Jechonis 5. Peter and 6. Rodah. Now Rodah Overby Ba 1769 In Montgomery Co (evidently Virginia) married a Pettypool. Peter Overbys will dated 22 Jun 1812, recorded 17 Jan 1814 Will Book 8 pgs 31-33 Mecklenburg Co at Boydton Va. "It is my will to give to my daughter Rodah P.Poole 2 negroes, Jane & Hannah & their increases to her and her heirs forever. Which heirs names Peter P.Poole, Patsy, P.Poole, Jechonias P.Poole and Sarah P.Poole and Buckner P.Poole, son of Seth P.Pool which is a Lawful Heir."

This will could be a breakthrough for some researcher but it also creates a puzzle. I want to tell you of my theory and so far I am the only one that believes it. I contacted Mrs Curry and Lester Howard and sent them the will. Of course it is a little close to their lineage but maybe not close enough for them to be really interested. I also told them of my theory. I am not sure that Frances Curry wants to talk about it and so far Lester Howard has not said much. I also sent this will and my theory to Diane Clute because her lineage would be more involved. I think this Rodah Overby is probably the Miss Overby shown in the Dr PPool book that was 1st wife of your Seth Pettypool. But I am getting ahead of myself.

In 1773 In Halifax Co Va a Seth Pettypool made a deed of gift to a Benjamin Petty-Pool. Since a gift they are related. It is rumored that Seth Pettypool b1702 had a 2nd wife and tho I suppose Benjamin could be a son by a 2nd wife I really think this Benjamin is a grandson to Seth Pettypool b1702. Seth made a deed in 1768 in Halifax Co deeding most of his property to a Son William Pettypool III. This must be the same Seth Pettypool as by 1773 I can only think of two Other Seth Pettypools that this could be. There were others later. I do not think this is the Seth Pettypool b1730(s-o Seth born 1702) who settled in Granville Co NC and had 12 children. I do not think it is the Seth Pettypool born 1730's son of William Jr that settled in Dinwiddie Co. I think it's possible Benjamin is the son of Peter Pettypool b1727 and that possibly Peter died fairly young after he married. We have so little on this Peter except for the two deeds of Lunenburg Co Va 1757 & 1763. I am guessing that this Benjamin was ba 1760. I think Seth Petty-Pool maybe realizing his health was not good and here was a grandson that needed Help and possibly without a father. I think you show Seth dieing about 1770 and possibly he died about 1773. In Mecklenburg Co Va Oct 15 & 16 1801 a Jechonias Overby was the administrator of the estate of a Benjamin P.Pool (shown as P.Pool) and had a list of Articles being sold to different people that belonged to the

estate of Benjamin P.Pool deceased. Several P.Pool people were buying things and several Overby people including Peter and Herod and Slyvester Overby and Jechonias Overby the Administrator bought some article of Benjamin P.Pool's property.
I believe Jechonias Overby is the Brother in Law to Benjamin P.Pool as I believe that he had earlier married Rodah Overby a sister to Jechonias as just shown. Rodah was born about 1769. So it is my guess that Benjamin died about 1799-1800 and in those days some widows with children married almost immediately and I guess it may have been a neccesity for support. I believe Rodah then married Seth Pettypool b1774 about 1799-1800 and had their son Buckner in Oct 1800. Notice in Peter Overby's will he names heirs of Rodah (Overby)P.Poole and to be an heir they would have to been Rodah P.Poole children at that time (1812) and yet it says "And Buckkner P.Poole, Son of Seth P.Poole, which is a lawful heir." You can tell that the will Separates him from the 4 other children of Rodah's. So Buckner is probably not a full brother to these other 4 P.Poole children. And these 4 children are not shown in any research that I know of and definitely not as a child of Your Seth Pettypool b1774. I believe Rodah married a Pettypool man before marrying Seth P.Pool.

The only thing wrong with this theory is that in 1812 when the will of Peter Overby was made Rodah P.Poole is shown as living and yet Seth Pettypool married his 2nd wife in 1806 which is correct. according to records it is. So in this Case Seth and Rodah Overby(P.Pool) would have had to been divorced. I think in the early 1800's in Halifax Co Va I saw Deed records of a Peter P.Pool who is probably the son of Rodah (Overby) P.Pool. These records are at my home. And I am not sure but seems like I saw a Peter P.Pool in Trigg or Christian Co Ky but I am not sure about this. In 1817 in Christian Co Ky (Commisioners Book of land records) a Jackanas P'Pool 314 acres water course, Muddy Fork and 1819 Tax books is shown as Jackanus P'Pool 314 acres Muddy fork, Captain Pool's co 72nd Regiment on Page 87. also on page 87 Seth Pool Captain Pools Co 200 Acres Muddy Fork and page 86 200 acres Water course Grade water in name of Henry Pool. Then in Christian Co Ky 1860 a Marriage License issued to Jackemas P.Pool to Jane Henshaw. I wonder if this Jackanas-Jackanus or Jackemas P'Pool could be the same as Jehonias or Jechonis P.Poole in Vir. As the will names two sons Peter and Jechonias P.Poole. The Names could sound alike even though spelled differently. Mrs Curry at Springfield says she found the Named Jackanas or Jackanus(however) in Ky and then later was looking at a Lawrence Co Mo book and found this name at Mt Vernon, Mo. She said she wish she had written the books title down as she cannot now find this book. She wonders if it is the same man. Another thing, L. C. Murray, 1663 College Terrace Drive, Murray Ky 42071 descends from a Benjamin P.Pool born 1810 in Mecklenburg Co Va and for some time has been trying to figure out who the father was to this Benjamin P.Pool. Benjamin married 1850 to Adeline Curtis and Benjamin died 1881 in Trigg Co Ky. So I wrote him about this will and asked him if he thought that either children named in the Will of Peter Overby Sr, Peter P.Poole or Jechonias P.Poole could be the father of his Benjamin P.Pool b1810. I told him that since Rodah (Overby) P.Poole was ba 1769 I supposed it was possible that she had children around 1790.

I need to mention one more thing and dont know how to say it as I need help on some of my P.Pool's that left Mo and went to Oakland Calif. And I am afraid you may interpert his as a request for some heavy research on your part. But let me assure that this is not the case as it is my job to do research. However I would not mind if your library at Berkeley had something you might look through that would just take a short look and was not hard. My great g-father at Mansfield, Mo had a nephew Joseph P.Poole or Poole (he went by name Poole and he lived at Rolla, Mo and died there 1907. In 1881 he married at Rolla, Mo to a Julia or Julie Bishop. They had two sons Ralph B. Poole b1882 and Relph E. Pool b1885. Julias parents were in Society and pretty wealthy yet were compassionate and owned the 1st house at Rolla and Mr Bishop was the founder of Rolla and the Mayor and he seved the city in many ways. When Joseph Poole died 1907 Julia and Frank moved in with Jane S. Bishop, her mother a widow. They lived with Mrs Bishop and Frank was shown in Census's as am electrician. in 1915 Mrs Bishop and her daughters Julia Poole and son Frank Poole and daughter Mrs Jennie Harrison (all three widows) got on a train at Rolla, Mo enroute to their new home at Oakland. I am sure they got there as in 1916 Mrs

224 R

Jennie Harrison is shown in an old Rolla paper recovering from an accident at Oakland Calif. Also the library at Rolla shows that Mrs Edmund Ward Bishop (Jane S. Bishop) died in 1923 and is buried in A Columbarium at Oakland Calif next to a daughter Flora (Mrs W. W. Wyshon). So evidently Flora must have alredday lived at Oakland. But I imagine Mrs Bishop died before the daughter. In 1915 also the old Rolla paper shows the Son Ralph E. Poole as living on a Ranch on Hyer N Mex. But the next week it shows Huyler N Mex. This town may be too small to find on a map. As I cannot find it. Ralph had done farm work and worked for a large grain Co and had worked at Mining Jobs. I have found a Hurley N Mexico in a mining area so Hurley may be the town and where he had a ranch. I believe to find out anything on Julia (Bishop) Poole and her sons Frank B. Poole of Oakland and Ralph E. Poole I may have to wait till 1990 when the 1920 census can be viewed. In 1915 these two sons seem to not be married. The would be 30 and 33 yrs old. So it is my idea that they never married. I would like to know if they continued living Oakland Calif and New Mexico and if they married or had children or if descendants living today. I am going to have to research both Calif and New Mexico. Lately I have ordered film at the Springfield library on the old Rolla Mo Paper from 1906 to 1916 and have been to Rolla and their library and about 10 days ago I ordered another film of the Rolla Mo paper for year of 1923 to see if there is a death notice of Jane Bishop who died 1923 as she was a well known person at Rolla.

Does your library at Berkeley contain any City directorys of Oakland Calif from 1915 to 1940 or does it have large cemeteries of Oakland that might have names in index shown alphabetically. Or do you know any individual at Oakland that does research or do you have any advice for me as to who to write. Is there a genealogical or historical society that I should write at Oakland Calif. Recently I wrote a man Named Frank Poole at Oakland that I found in the phone book at Springfield, Mo. Also some Harrison people at Oakland and that area and I want to write more Harrison people. I also think there were Harrison people settled at Berkeley Calif from Mo but this is grasping at straws and I want to concentrate on Oakland Calif. Do you have any strategy or advice for me. I am not looking for any heavy research from you. But I am enclosing a stamp in a plastic paper in case you know any advice for me.

a few days ago a lady from Louisville Ky Called and my wife said she descends from Seth Pettypool. I think from Seth born 1702. She was going on a 3 weeks Vacn and wants me to write her and said she has quite a lot of information so maybe she will have some new information for me. I have tried to help a Carolyn Cantrell of Okla City and Thomas Poole of Denham Spgs La. As their old ancestor Coldwell Stephen P.Pool or Caldwell Stephen P'Pool left SC about 1810 and settled Louisiana and some of his brothers evidently settled in Louisiana and Mississippi. Carolyn shows him BA 1790 but then shows his 1st child b1799 so maybe he was ba 1780. Jodie Updike, R 1 box 281, Dillings, Mo 65610 descends from Seth Pettypool b1730 of Granville Co NC and his son Philiip and Phillips son William(Dilly) Alexandria P'Pool or P.Pool ba 1814 I think. She has received lots of mail and research from others but is slow in Answering as she and her husband deliver trailers by truck all across America and they are gone sometimes for weeks. Have you ever heard of a Ena MacQueen of Sweetwater Texas where they had a bad tornado a few months ago. I have wanted to write her but the Springfield library does not have a Sweetwater fone book. I think her family is partly mentioned in the Dr PPool book but I think she had published a book on her lineage. I forgot to mention that I also work a little on my mothers Odom family that came to Mo 1840 from Gallatin Tenn in Sumner Co. The odom family came to gallatin in late 1700's from SC and were Hugenouts. Well In case you find anything of interest in this letter I would appreciate hearing and if you have any research on other familys than your own. This is even a longer letter than I wrote to Diane Clute a few days ago as I found some more research. I believe you might want to read or copy some of the Dr P'Pool book later when I get it back but you can let me know. I hope this long letter does not offend you and hope you find something of interest BUT I would advise anyone to not put too much trust in this letter as there is too much guesswork. Sincerely

Feel free to write people I have shown in this letter.

Henry Pettypool or Pettipool was born 1760-62 in Virginia, Probably Lunenburg Co. His father is probably Frederick Pettypool of Lunenburg Co Va born in the 1730's who is the son of William Pettypool Jr b1700 and his wife Frances Tally or Talley of Lunenburg Co. Who was the son of William Pettypool Sr of Prince Geo Co Vir and his wife Elizabeth Parham. William Sr died between 1721-26. Henry was married twice. a marriage record of Lunenburg Co Va 10/11 1788 a Henry Pettypool md a Jenny Green and 1795 in this County Isham Pettypool md a Rhody Bowers. I think this is my Henry and a brother and both settled for years in Montgomery Co NC. I think Henry was in Halifax District Co NC (probably Edgecombe Co) in the 1790 Census and moved to Fairfield Co SC to be included in the 1790 Census in SC which was a late census. Henry & 1st wife had two sons born 1789 and 1790 that are missing and a daughter born Nc 1793-98 who I think is a Mrs Christopher (Frances) Davis who was in the Henderson Co Tenn 1830 Census and in the 1850 & 1860 Grimes Co Texas Census. Henry probably lost his wife about 1798 in Montgomery Co NC. He remarried about 1799 to Margaret Tarbutton (who was about 16) and much younger than Henry. She was probably b-a 1783 in Richmond Co NC. Alto we have no records of it census indicates they had a son b-a 1799-1800 who I think was named Joseph P.Pool and who md Rebecca Hinkle in Hall Co Ga 1828 and lived near Henry P.Pool and his son Robert P.Pool b1805 in the 1830 Hall Co Ga Census. This Joseph P.Pool could have died shortly after or on the Way to Mo or just after this family arrived in Mo 1833-34. I think his widow Mrs Rebecca Pool remarried in 1835 in Mo. There were two children born between 1800 and 1810 in NC a son & a daughter that are missing. This could be a William P.Pool & a Martha P.Pool that married in Hall Co Ga 1829 & 1831 respectively but these two children could belong to other Pettypool's of that county. These two children stayed in Ga and were in later census's. Henry P.Pool and family lived in Montgomery Co NC from before 1800 to about 1819-20 and moved to Hall Co Ga and Tarbutton people moved to Hall Co Ga about this time. Henry & Margaret P.Pool had four known sons and 5 known daughters born Mostly NC but some in Ga, the 1st in Ga was 1822. Some children married in Hall Co Ga. This family left Hall Co Ga late 1831 or early 1832 when their Son Abraham b 7/1 1817 was 14 yrs old. However I believe their son Isham P.Pool ba 1802 had already left Ga 1830 and settled in Ga for two years until 1830 where had had a son born 1830 and a daughter born 1832 before coming to Mo,where more children born. Isham may have had at least a daughter or more children born in Ga. He is not in an 1830 Census acct probably on the Move. Henry P.Pool and married children and single children came thru Tennessee & SW Ky where a daughter married June 1832 in Livingston Co Ky and stayed there. This was probably the area of Livingston Co Ky that Became Crittenden Co Ky 1842. Then Henry P.Poolprobably came through Illinois finally settling near Mansfield, Mo late 1833 or early 1834. He died 10/22 1833 and may have made it to Mo with his family but could be buried in Ky or Illinois. Margaret died 1848. This area near Mansfield was Pulaski Co but became Wright Co In 1841. The Doctor Pettypool book and other research shows the name was shortened to P'Pool in 1813. Other research shows during war of 1812 but some had used the name P.Pool before this so I believe it was first used as P.Pool. Our family later shortedned the name to Pool about 1856 or 60 but some hung on to P.Pool until the 1920s when they died. The children of Henry & Margaret P.Pool:

1. Isham P.Pool Ba 1802 NC married 6/3 1824 Hall Co Ga to Trephena H. Garrison b-a 1808 Ga. They probably had 1 or 2 children born Ga and two more in Tenn before they came to Mo and more children in Mo. Isham lived near Hartville, Mo in Wright Co. I can tell that he was dead before 10/9 1858 His wife evidently a widow in the 1860 and 1870 Census. I have not found their Graves.
2. Robert P.Pool b 3/16 1805 NC (my gg Grandfather) D 1/8 1874 Wright Co Mo married Nancy Coffee or Coffey while he lived in Hall Co Ga. she was bn 1/24 1810 SC d8/8 1892 in Wright Co Mo. They had 9 children. Both Buried #5 Cem Nwof Mansfield, Mo.
3. Jedie P.Pool b 11/18 1809 NC d 2/21 1898 Wright Co Mo md 2/19 1826 Hall Co Ga to Seneca Dedmon b 10/25 1799 Ga d 3/3 1886 Wright Co Mo. They lived in Mo until the 1840's when they moved to Carroll Co Ark near Berryville. They returned to Mo about 1862. They raised their large family mostly in Ark. They both are buried at Newton School Cemetery SW of Hartville, Mo.
4. Annis P.Pool b 10/22 1814 NC d 4/2 1845 probably Crittenden Co Ky. She married 6/2 1832 in Livingston Co Ky to Hudson B. Brasher ba 1811 in SC. They had 4 children and Annis died 1845. One of the 4 children a daughter died 1855 in Crittenden Co Ky. Hudson Brasher remarried and brought his 2nd wife and children by bothe wives to the Mansfield, Mo area about 1856-57.

5. Abraham P.Pool b 7/1 1817 d 2/5 1894 Wright Co Mo. Abraham was probably born NC but different census records show he was born NC, SC and Ga. I think NC is correct. He married about 1844 in wright Co mo to Mary Ann (Polly) Crider b 5/13 1827 Indiana D 10/16 1904 Wright Co Mo. They had 13 children but two died as infants. both are buried at No 5 Cemetery NW of Mansfield, Mo.
6. Mary P.Pool b 4/6 1822 Ga d 10/10 1899 Amory MS buried Aberdeen MS married 10/19 1837 in Mo to Francis Yewell Roper bn 9/16 1813 Tenn D 3/25 1895 Tupelo Miss Buried Aberdeen MS. They lived in Mo until the 18408s and then settled at Carroll Co Ark near Berryville Ark where Seneca and Bedie (P.Pool) Dedmon lived and about 1862 they returned to Wright Co Mo. There were children born Arkansas and Mo. They sometime after 1870 settled in Monroe Co Mississippi near Amory and Aberdeen MS. 13 Children.
7. Sarah P.Pool b 10/8 1824 Ga d 9/16 1883 Wright Co Mo married Nevels Newton born 3/6 1821 Morgan Co Ky d/2/3 1895 Wright Co Mo. They had several children born in Wright Co Mo. They are buried at Newton School Cem SW of Hartville, Mo.
8. Nancy P.pool b 1829 or 1830 Ga married 1/20 1848 in Mo or Near Berryville Ark in carroll Co to Thomas Wood born 1830 Illinois. They lived near Berryville ark and had several children. When Thomas died in Ark in 1880 it is claimed Nancy lived with a daughter and about 1900 came to Springfield Mo to live with a son William Henry Wood. She is thought to have died 8/2 1904 and buired in the old part of the City Cemetery at Springfield Mo in an un-marked but a Plotted Grave next to grandson Ralph Wood.
9. Seth P.Pool is missing-no information. Our ancestor Louisa Jane P.Pool born 1870 in Mo named all of these children of Henry & Margaret P.Pool and says that Seth Pettypool was a son. The 1840 Mo census which does not name children but shows them in Age groups indicates he was born 1810 to 1814. The 1850 Mo census does name children but Seth Pettypool is not in the Mo census. He could have gone to another state before 1850 but it is probably that he died before 1850.

Dear Carolyn,

Seems like we are cousins, several times removed. Our line runs the same for awhile, then veers off. Mine goes like this. By the way, my mother was a Poole.

I can't find out whre in Va. Wm. Alex. Poole died in 1893. Its possible he may have died on the way to Tex. and was brought back to be buried. Quite a few of his brothers moved to Collin Co., Tex.

I'm sendingyou a copy of a sheet that was sent to me. It has your Trigg Co., Ky. family on it. I believe Mr. Howard has died, not too sure. You could write to this address, perhaps someone in the family will receive it. Muleshoe is a very small town. I will keep your name in my file box, who knows what will pop up in the future.

Good luck in your search

FOREWARD

Dinwiddie County, Virginia, was formed in 1752 from Prince George County, Virginia. All of the early Courthouse records were lost during the Civil War. However, the Grants, Patents and Land Tax Records, copies of which were kept by the Commonwealth of Virginia, are preserved in the Virginia State Library. The Grant and Patents were copied at the Virginia State Library and a very extensive study was made of Films J. R. 3390 and J. R. 3396, for this volume.

Deniel

There are lots of Deniel families in Ky.. If you could trace them to Va., I know some excellent sources. Many families in Trigg & neighboring Christian & Caldwell Counties came from Orange Co, Va., & there were Daniels galore there. Pamunkey Neighbors lists those who sold Va. land to move to Ky., / quotes letters from Ky. to Va. Which name settlers in Ky.. Sam Sparacio wrote book & it is available only from him. Our Library here has it.

Our good friend, John Deniel, lives in nearby Lexington - you all look alike!

Most sources listed here are in E.K.U. Library - a few at State Library (1+ hrs). from here.

There are 2-3 Pr. Geo. Co. Deed Books - not much.
Also have searched Charles City County Court Orders, which has "Will Petepool" on grand jury c1690.
Need to go to Richmond, Va. for microfilm, or to Court Houses, or write for records?
Do you have access to good gen. Libraries?

Tynes - Herb is onto some Isle of Wight Co. Tynes. They are interesting & I have notes on them also. He has sent the important things. I think.

Vestry Book Antrim Parish - Halifax Co. Va.
1760 - Isaac Tynes excused from paying "Parish Levys".

Halifax Co. Va. Deed Books (Absts) 1759-1769

ABOUT THIS BOOK

This volume is an index to the list of pensioners on the rolls in 1840 as obtained from the population census schedules. This list was published in 1841 by the Department of State in an unindexed volume under the title of A CENSUS OF PENSIONERS FOR REVOLUTIONARY OR MILITARY SERVICES, WITH THEIR NAMES, AGES, AND PLACES OF RESIDENCE, UNDER THE ACT FOR TAKING THE SIXTH CENSUS. This rare and valuable work was reprinted by us in 1954 and copies are still available.

The pensioners in this volume are listed by name with age and with the name of the person with whom they resided. Arrangement is under State or Territory, then under the name of the county, and, in the case of some counties, under the name of the minor subdivision. Considerable searching is necessary to locate a name in this unindexed volume, unless one knows the exact place of residence.

This index eliminates the necessity of searching for a name, as it contains all the names in the CENSUS, including the heads of families with whom the pensioners resided. Its arrangement is alphabetical by surname, and below each surname appears the Christian name followed by the number of the page or pages where the name will be found in the CENSUS. An asterisk after the name indicates that the person was the head of a family with whom the pensioner resided.

This index is reproduced from a typescript prepared by the Genealogical Society of the Church of Jesus Christ of Latter-Day Saints at Salt Lake City, Utah, and loaned to us for that purpose.

In Sumter in 1805 The Estate of SETH PETTYPOOL was administered by Robert Pool.....I was working in Sumter and noted this but did not open the file but did make a notation of the file being in Sumter.

In S.C. Historical Commission is some files on Sumter set of Pettypool.

Greenville County in Double Springs Baptist graveyard are these two graves........Simeon Styles 1808-1876/ his wife / Sally P. Pool 1809-1875.

The Rev. Edward Vandiver from Virginia to Fairfield and later to Anderson county in S.C. was early in S.C. before Revolution. He had two wives and 11 children by each wife...One of the wives was a Pettypool.

Wake Co. N.C. 1784 will for PETTYPOOL MASSEY wife Celia Massey and Eli, Asa and Warren.

Sumter data on Pool in State Historical Com. as I recall it was that Elizabeth P.Pool was widow of the Seth Pool at any rate there is deeds of gift from Betsy P. Pool of Sumter to relatives.

*Note Greenville data on Jesse P. Pool and wife Tabitha Green Pool to their son Green P. Pool...my late father owned some of the Darby lands and I have those original deeds from Jesse P. and wife Tabitha G. Pool. I checked them since I wrote and the one to HENRY Darby does not state he was son in law, but there is some sort of relationship to the wife of Henry Darby to this Jesse P. Pool and I have also an original deed where Henry Darby made agreement with Green P. Pool to deed these lands back to Green P. Pool and I gathered from this deed (It does not state it) that the wife of Darby must be a cousin to Green P. Pool....the deed was for but 20a. I am of opinion since I read the deeds carefully that Green P. Pool must have been only child living and with heirs, of Jesse P. & Tabitha G.P.Pool.

*I have noted that most of these Pools use P. for a middle initial which makes me to think that Petty or Petti was dropped from the surname and used as a middle name.....I have been told that in some of the old Pool family graveyards in Greenville County that some of the oldest stone have the name a Ppool. I feel sure that the Greenville set came from the family of old Seth Pettypool of Granville County, N.C......Mrs. Marion Neves Hawkins, P.O. Box 315, Greer, S.C. is both a Pool and Green descendent and she may have data which is not available here in Columbia. I have used maiden surnames of many of the wives from data Mrs. Hawkins gave me.

ANSWERS

I757-EMC(Ariz.)

Will of Seth Pettypool (ca 17-32 - 1789) in Granville Co., N.C. names his wife Mary and his children: Elizabeth, Mary, Sarah, Jane, Nancy, William, John, Seth, Young, Phillip, Claiborn, and Jessey. At least 4 of these settled in Greenville Co., S.C. They spelled their names: William P. Pool, Young P. Pool, John P. Pool and Jessey P. Pool. William I755-I848, a Revolutionary soldier, married Annie Street; Young I765-I848 m. Sallie McVeigh; John married Elender Green; Jesse married Tabitha Green. Elender and Tabitha Green were sisters of Elisha Green who was a Revolutionary soldier from S.C. John P. Pool was also a Revolutionary soldier. There are numerous descendants of these brothers in upper S.C. and in many other states. In several counties of S.C. I have found these names and their descendants names spelled: P-e-t-t-y-p-o-o-l, P. P-o-o-l, and P-o-o-l.

Dear Mr. Andrea, Received your letter today - Am very interested in the Brewster paper you list. I had thought my Manning's were from Gov. William Bradford of Plymouth -

My Poole family were from Fairfield and Anderson Counties in South Carolina. They originally lived in Lunenburg County Virginia -

The Vandivers are related to me

My Poole Ancestry

Samuel Poole my great, great grand father
Adam Poole lived in Fairfield & Anderson Co S.C. wife Esther or Esther Manning
William Poole + wife Mary died in Mecklenburg County Virginia 1778
her father Samuel Manning died in Warren Co North Carolina 1792.

This Samuel Manning who died in 1792 was my great, great, great great grandfather - If you can connect him with Hannah Bradford Gov. William Bradford whose grand daughter their daughter Irene Ripley married married John Ripley. - I believe this Samuel Manning to Samuel Manning - If you be the grandfather of my Samuel Manning -

have the Connection Please let me know how (262) 13
much you will charge me for it; Also if you
can Connect the Samuel Manning with Elder
Brewster, Please let me know-

I'm practically sure that Manning Poole is
some of Adam Poole's descendants & related to
me- It would have to be through my Poole or
Manning ancestry to be mine. I know nothing of
the Milner's
I do not think Patty Poole's are mine-

I'm sending you a family chart- If you can help
me find Charlotte HULL's father & proof (a cousin says it
was Daniel HULL) I have my ancestry proved to
Rev. Joseph HULL who came to Plymouth in 1635=
I know this is my ancestry but haven't been able to find
Proof of Charlotte Hull's father-
also if you can find proof of Charlotte Hull Smith's
husband- I would like to have that-
If you have done any work on Simmons, I would
like to know John Simmons' father etc-
Please let me know soon about the Brewster or Bradford
them- Thanks

Sincerely
Mrs. Floyd Sherrod

In 1902-1903, Mr. Woodside served in the South Carolina State Militia as Lieutenant and is at present a Lieutenant-Colonel in the Officers' Reserve Corps. In 1928 the American Arbitration Association appointed him a member of the National Panel of Arbitration Commission. He is also a member of the National Economic League, which has its headquarters at Boston. Mr. Woodside was also a Chairman of the First Liberty Loan Drive.

Mr. Woodside is a deacon of the First Presbyterian Church of Greenville and is affiliated with the following organizations: Chamber of Commerce, Kiwanis Club, Chess Club, Thirty-Nine Club, Poinsett Club and Greenville Country Club. Politically he is a Democrat and loyally supports the platform and principles of that party.

In 1928 Mr. Woodside visited Europe, making a study of the Branch Banking Systems of England and France. In 1929, the Farmers & Merchants Bank and the Woodside National Bank were sold to the Peoples State Bank of South Carolina, a large branch banking system, but Mr. Woodside continues as a director of that bank. Mr. Woodside will now give his entire attention to the other financial institutions under his management.

Horseback riding and swimming are his chief diversional pleasures. He says that he would again choose the business man's career were he beginning life anew.

JOSEPH P. POOLE

Joseph P. Poole was born at Tumbling Shoals in Laurens County, South Carolina, on the first day of January, 1873, being the son of W. H. Poole and Emily (Stacey) Poole. While he was still quite young his parents moved to Greenville, and it was here in the public schools that he received his education.

When only 17 years of age it was necessary for Mr. Poole to leave school and begin work. His first position was as clerk in a Greenville store. Here he remained for one year and then became Constable for Oscar Hodges, then a magistrate. Next he was a deputy under the late Sheriff P. D. Gilreath. Following his work as a law enforcement officer he became a motorman for the Southern Public Utilities Company, being the one to stand at the controls of the first electric car to move through the streets of Greenville. Many of the car motormen who came later were taught by him. After his services with the street car company he entered the mercantile business which he pursued for two years.

The parents of Mr. Poole were farmers and from them he inherited a love for the soil which was to follow him for the whole of his life. After his mercantile experience he moved to Montague, where he purchased a farm. Next he bought a farm on the Buncombe road. Both these plantations he cultivated with unusual success, employing modern and improved methods. For a time following this he engaged in the real estate business in the city of Greenville, being in partnership with W. T. Henderson. But the life of a farmer called again and he moved back to his Buncombe road farm and built a magnificent home, known today as the "John Marshall home." Here he lived for a number of years before selling out and

JOSEPH P. POOLE

Joseph P. Poole was born at Tumbling Shoals in Laurens County, South Carolina, on the first day of January, 1874, being the son of W. H. Poole and Sally (Gossett) Poole. While he was still quite young his parents moved to Greenville and it was here in the public schools that he received his education.

When only 17 years of age it was necessary for Mr. Poole to leave school and begin work. His first position was as clerk in a Greenville store. Here he remained for one year and then became Constable for Oscar Hodges, then a magistrate. Next he was a deputy under the late Sheriff P. D. Gilreath. returning to Greenville City. But until his death on January 24, 1929, he continued to be deeply interested in farming and farm problems.

In the organization of the South Carolina Cotton Growers' Marketing Association, Mr. Poole took a leading and active part. After the organization was perfected he became its field representative in four of the Piedmont counties, including Greenville. This position he held till 1924 when he was forced to retire from business on account of his health. Seeing the need of a Greenville County fair, he, with others, organized the Greenville County Fair Association in 1919 and for a number of years a successful county fair was conducted upon the Association property located on the Laurens road. For three years Mr. Poole was superintendent of the fair.

An outstanding characteristic of Mr. Poole and his life's work was a feeling of kindliness for the other fellow. He was large of body and big of heart, and it may well be said of him that he was "a friend of man."

On April 28, 1902, Mr. Poole was married to Mrs. Helen Curry Bentley of Greenville and she survives him. They have no children.

WALTER P. WHITE

"A friend of children" might very fittingly be used to designate the most outstanding characteristic of WALTER P. WHITE, a prominent business man of the city of Greenville, and subject of this sketch. Mr. White was born in Greenville, South Carolina, on the 27th day of March, 1890, being the son of B. R. and Hattie Lee White. At the age of three he moved with his parents to the Owings community of Laurens County, where he secured his early education. Later he was a student at Clemson College where he pursued an Electrical and Mechanical course until 1910 when he was graduated with a B.S. degree.

Following his graduation, Mr. White accepted a position with the Westinghouse Electric Company of Pittsburgh where he remained for a short time. Giving up his position with this concern he became Registrar at Clemson College, his alma mater. Here he remained one year and then returned to his old home at Gray Court and entered the retail grocery business. In 1913 he sold out his Gray Court business and moved to Greenville where he helped to organize the Acme Feed Company. This concern, from its beginning, has enjoyed a profitable business, and has grown steadily till it is now one of the largest wholesale businesses dealing in flour, feeds, hay and grain in Greenville. Of the company Mr. White is President and Treasurer and the owner of a majority of its stock. Until 1929 the company had its place of business on Piedmont Avenue, but during that year, on account of growing business, a large warehouse containing ample office space was constructed on East McBee Avenue and in this the company now conducts its business.

Mr. White is an active member of the Second Presbyterian Church of Greenville and for the last five years has been Superintendent of its Sabbath School. He is a member of the Rotary Club, of which organization he has been a director and has recently been elected Vice-President. In this organization he is extremely active in the various phases of "Boys' work" sponsored by the organization.

HEADRIGHT AND BOUNTY GRANTS 1756-1909

General James Edward Oglethorpe, the founder of the Colony of Georgia, landed at Yamacraw Bluff in present Savannah in 1733. From that time until 1752 all lands were granted to the settlers "in tale male." This simply meant that lands were allotted and were not to be sold or mortgaged or willed to any persons except a male heir. In case there was no male heir, the lands reverted to the Trustees who established the colony.

In 1752, the Trustees relinquished their charter to King George II of England. By 1756, the Provincial Government having been organized, land grants were issued with no restrictions. The grants in the Georgia Surveyor General Department, a part of the Office of the Secretary of State, begin in 1756 and were made by King George II and King George III until the Revolutionary War.

While the Revolutionary War was still in progress, the General Assembly of Georgia passed two Acts relating to the granting of land, but until 1782 the State was overrun and occupied by the British, and the government was so disorganized that the necessary official machinery for surveying and granting land was never perfected. As a result both of those Acts became ineffectual, and are referred to here only as a matter of historical interest. The first of these was the Act of June 7, 1777 (as amended by the Act of September 16, 1777), entitled "An Act for opening a land office and for the better settling and strengthening this State"; the second was the Act of January 23, 1780, entitled "An Act for the more speedy and effectual settling and strengthening this State". Actually, only a very few surveys were ever made under those Acts and the first grant of land based on any of such surveys was not signed and issued until October 22, 1783. Neither Act provided for a fee-simple grant, but both followed the Colonial requirement for the annual payment of rent of two shillings on each hundred acres in the grant, in addition to settlement and cultivation within nine months. However, both Acts recognized the fact that many Colonial and State records had been lost or destroyed during the War and stipulated that, despite their loss, those persons who could produce some proof of an application for survey, or an agreement to purchase, or settlement under any Colonial law or grant, would be entitled to confirming grants. One feature of both Acts, which was followed in every subsequent Act, was that a man would be entitled to 200 acres as his own head-right plus an additional 50 acres for his wife, each child and each slave, but that in no event

could the total grant exceed 1000 acres.

The first effective land Act was the Act of February 17, 1783 (as amended by the Act of August 1, 1873), entitled "An Act for opening the land office and for other purposes therein mentioned". This Act allowed a man to take up 200 acres upon his own head-right free of any charge except office fees for survey and grant, plus an additional 50 acres upon the head of each member of his family at sales prices ranging from one to four shillings per acre, and it limited any grant to a maximum of 1000 acres. The rights of persons who had previously received warrants of survey were ratified, and they were declared to be entitled to grants to land then occupied by them. Those persons who, under legislation passed during the War, had become entitled to bounty lands, such as citizens who had not molested their neighbors' families or property, refugees who had served in militia companies outside of the State, militiamen of the State and men who had served in the militia battalions were declared entitled to grants, without charge except office fees. The machinery for granting land, as set up by this Act, was as follows ① The applicant for land would appear before the land court of the county in which he desired land, composed of at least five Justices, and after making oath as to the size of his family, including slaves, would obtain a warrant of survey ② The county surveyor would then lay out his land, keep a copy of the plat of survey in his office, and forward a copy to the Surveyor-General ③ After living on the land a year and cultivating at least three percent of the acreage, the settler would then apply the Governor's office for his grant and pay all purchase price due and all office fees ④ The grant would then be issued and recorded.

The Act of February 25, 1784, which was passed primarily to create and open up Franklin and Washington Counties, made some revisions in the grant laws theretofore enacted. The sales price of land in those two counties was fixed at three shillings per acre, and the maximum grant was again limited to 1000 acres. Bounty grants could be located in the new counties, and all bounty grants in all counties were no longer to be tax free for ten years but were to be increased by fifteen per cent in acreage. A large section, in what later became Greene County, was reserved exclusively for bounty grants to men who had served in the Continental Line or Navy, as distinguished from citizens, refugees or militiamen. For the first year members of the Executive Council were to act as the land courts for the new counties, prior to their organization.

Under the Act of February 22, 1785, the provisions for payment of a purchase price or consideration for granted land, other than office fees, were removed, and thereafter all land was granted free. Cultivation was no longer a requisite. However, the restrictions as to the amount of land to which a man was entitled upon his own and his family's head-rights and the restriction as to a 1000-acre maximum grant remained unchanged. No surveys for bounty grants were to be made after February 22, 1786, but as to bounty land surveyed prior to that date a grant could be made upon the warrant at any time thereafter.

The information in the index shows FIRST—the name of the person who received the grant, such as John Smith; SECOND—the county in which the grant was located, such as Wilkes; THIRD—the book in which the grant is recorded, such as P.5; FOURTH—the page in the grant book, such as 101; FIFTH—the number of acres in the grant, such as 236; and SIXTH—the year the grant was dated, such as 1799.

In order that the patron may not be disappointed as to the information found in the grants themselves, we must stress the fact that the grants do NOT give any family names; do NOT give any residence of the grantee; and do NOT give any military service record or rank.

The colony and state of Georgia issued all grants. A person who received a grant was the first owner of that particular tract of land. After it was granted to him by the state, he could sell it, give it away or leave it to his heirs in a will. Those records then became county records and the state had no interest in them any longer. One must search for the deeds, wills, etc. in the county where the sale took place or where the will was made.

A bounty grant shows only the words ON BOUNTY written under the grant. It is NOT proof of military service, since ordinary citizens also received bounties for not leaving the state during the Revolution.

In 1909 the Land Office Acts were repealed and the state granted no more land. This volume contains the index to the Headright and Bounty grants from 1756 to 1909. The Surveyor General Department under the authority of Ben W. Fortson, Secretary of State, who is the Surveyor General of the State, also, is housed in the new Archives and Record Building in Atlanta, Georgia 30334.

PREFACE

Information on early South Carolina citizens is scarce, particularly in the colonial period. The "engrossed acts" preserved in the South Carolina Archives contained names of the men eligible to serve on the colonial and early state juries.

Jury lists were compiled in the following years: 1718, 1720, 1721, 1731, 1737/38, 1740/41, 1744, 1751, 1757, 1767, 1777, 1778, 1779 [two], 1782 [lost], and 1783. Jurors were named in the parish of their residence. Men paying at least five Pounds tax the previous year were named as Grand Jurors as well as Petit Jurors for their parish or district. Those men paying a lesser tax were named as Petit Jurors only. Some citizens of Charleston were named to serve as Special Jurors.

The calendar was corrected during this period. Thus two jury lists drawn up in the early spring were enacted in years dated 1737/38, and 1740/41. By modern calendar arrangement we would call these years 1738 and 1741.

Two jury lists were intentionally omitted. Recently published and indexed as THE SOUTH CAROLINA JURY LISTS, 1778-1779, by Mrs. Ge Lee C. Hendrix, 3 Acorn Court. Greenville, SC 29609, and Mrs. Morn M. Lindsay.

Colonial tax acts placed a low tax rate on land, and high tax rates on personal property, slaves, business merchandise and equipment. Thus a Charleston shopkeeper paid more tax than did a large land owner. Since the amount of tax paid was the basis for eligibility for jury service, many known land owners will be missing from the jury lists.

Other citizens, important in the workings of the colony, will also be missing from the jury lists. Excluded from jury call by law were the ministers, attorneys, civil servants, members of the Assembly and Governor's Council.

Biographical information on Assemblymen can be found in two University of South Carolina Press publications. BIOGRAPHICAL DIRECTORY OF THE SOUTH CAROLINA HOUSE OF REPRESENTATIVES, Volume I, Session Lists: 1692-1973, edited by Walter B. Edgar, 1974. To be published in 1977 is BIOGRAPHICAL DIRECTORY ... Volume II: 1672-1775, which will contain detailed and annotated biographical sketches of 761 persons who were either elected to the House of Assembly or its Clerkship. Not only their House careers, but also their vocational interests, local offices, religious and social affiliations and other pertinent biographical data will be included.

MARRIAGES AND DEATHS, 1763 TO 1820, ABSTRACTED FROM EXTANT GEORGIA NEWSPAPERS, by Mary B. Warren, Heritage Papers, 1968, also contains marriage and death notices for many South Carolinians.

These jury lists prove legal evidence of residence, property qualification, and civil service during colonial and early statehood periods. To make the information available, the names of jurors have been arranged in alphabetical order, with chronological entries showing their appearance on the jury lists, by parish or district; and Grand, Petit, or Special Jury listings.

The location of the parish, district, or geographical area named in the jury lists can be seen on the map on page 6. Numbers were assigned to replace the proper names of parishes, districts and areas to facilitate publication.

The laws and ordinances which created these jury lists, in abbreviated form, are included on pages 8 through 20. Full text of these laws can be found in Cooper-McCord's STATUTES OF SOUTH CAROLINA.

With the aid of laws enacted for a different purpose, the identity of WHO, WHEN, and WHERE in early South Carolina can be discovered.

was rejected as he did not serve six months.—*Pension File, National Archives*, Washington, D. C.

PIPKIN, STEPHEN—Census of 1820, Conecuh County.

POE, JAMES—Maj. James Poe, moved from Carolinas in his old age with his son, Simon, and located at Newtonville, near Tuscaloosa, where he is buried. Tombstone over grave.—Information from Harry T. Poe, Poe Construction Co., Vero Beach, Fla.

POINTS, JOSEPH (1760-1837), in 1777 although a youth, joined the army, was wounded, and, recovering, rejoined the army and served until the surrender of the British at Yorktown. He was born in Philadelphia, Pa.; died in Courtland, Alabama.—*D.A.R. Lineage Book*, Vol. 65, page 30.

POOL, JOHN. Applied for a pension October 25, 1832, and stated that he was 72 years of age. He also stated that he had served from the Fall of 1777, for three months in Captain Isaac Mitchell's Company, Colonel James Williams Regiment; from the Spring of 1778, a little more than three months in Captain John William's Company, Colonel James Williams' Regiment. Afterwards he served at various times on short tours but the officers under whom he served and the entire length of time of this service was not stated. He was pensioned for service as a private and Pension Certificate No. 13249 was issued to him June 6, 1833, rate $20 per annum, by the Alabama Agency. He was living in Newberry District, S. C. at the time of his enlistment, and when he applied for his pension he was a resident of Perry County, Alabama.—Jones and Gandrud's *Alabama Records*, vol. 73, page 99.

POOL, JOHN—From Newberry District, S. C., came to Shelby County, Ala., about 1819 and removed to Perry County about 1822. He had a son Isaac Mitchell Pool, who lived in Cahaba Valley, near Birmingham, while some of his children continued to live in Shelby County. John Pool volunteered in the fall of 1777 and served as a private for three months in Capt. Isaac Mitchell's Company, Col. James Williams' South Carolina Regiment, having guarded a fort in Laurens District, S. C. In the spring of 1778 he again volunteered and served as a guard to prisoners at Ninety-Six and Orangeburg for three months in Capt. John Wallace's Company, Col. James William's Regiment. — Information from William F. Franke, Birmingham, Ala.

POPE, LEROY—Died on the morning of the 14th inst., at his residence in this place, Col. Leroy Pope, Senior Warden of the P. Episcopal Church of the Nativity, aged 79 years and some months. At last Christmas he became a communicant of that Church, and at the following Easter was unanimously elected Senior Warden. It gives the writer great pleasure to state that, during his sickness, the deceased gave satisfactory evidence that with him to live was Christ and to die was gain; indeed, from the time he united himself to the people of the Lord, it appeared to be his great aim and endeavor to recommend the Church, which had secured his enlightened and hearty attachment. An infant congregation, in whose welfare he ceased not to the last to take a lively interest, while fully persuaded that he made a happy exchange, can not but deplore the loss of his christian counsel and practice. May many others of like faith in Jesus Christ succeed to his place in the Church Militant. The writer of this imperfect notice forbears to remark on the public spiritness, upright principles and suavity of manners so remarkably prevalent in him and which thro' the long period of thirty years, won for him the esteem of this community; because, when it is stated—which it is with confidence—that he was a Christian gentleman, there is presented a surer ground of general respect and a more abundant source of consolation to his many surviving friends than any thing else could have offered.—Communicated.—*Huntsville Democrat*, June 19, 1844.

PORTER, ALEXANDER—Died yesterday morning, at his residence in Pleasant Valley, Mr. Alexander Porter, Sen., a soldier of the Revolution, aged 90 years.—*Selma Courier*, April 30, 1829.

like 1,100 acres, the greater portion of which is under cultivation. His widow still lives at the old homestead. His son Jewell carries on the farm renting portions of it. He lies buried in the Herald's Prairie church yard.

Francis C. Pettypool, born in Herald's Prairie, Feb. 15, 1843, was a son of Braxton B. and Celia (McGhee) Pettypool, natives of Tennessee. His grandparents, Thomas Pettypool and Parent McGhee, were natives of Virginia and moved to Tennessee at an early day. Braxton Pettypool was married three times. The children of the first marriage were—A. Maria, Thomas B., Francis C., Daniel, Mahulda, Tilitha C., Sarah E., John H. (deceased). His second wife was Polly Ann Catlin Tichenor. Their children—were—Joel R., Ezekiel, Marshal, Newton (deceased). His third wife was Mary, daughter of John Jones, of Jefferson County. Their children are—Lear, Dora and Hardon. He has been a resident of Jefferson County twelve years. Francis C.'s early life was spent in this county on a farm and going to school. When nineteen years of age he enlisted in Company I, Eighty-seventh Illinois Infantry. He married Mahala E., daughter of James W. Hart, one of White County's oldest citizens, who makes his home with his daughter. Mr. and Mrs. Pettypool have three children—Thomas C., Edgar L. and Vienna A. The Tennessee bend has the reputation of being the hot-bed of fever and ague, and its inhabitants of being pale and sickly, but Mr. Pettypool has lived there his entire life, except while in the army, and he has always been remarkably healthy, which goes far toward proving the fallacy of the statement. He has a fine apple orchard, containing 200 or more trees, all grafted. He has 180 acres of cultivated land, and is one of Herald's Prairie's best farmers.

Lock Phipps was born in Logan Co., Ky., May 16, 1813. His parents were Lock and Jane B. (Biven) Phipps, both natives of Maryland, of English extraction. His mother was a relative of the Litchworths, of Maryland. They came to Kentucky in 1799. Their children were—Mary, Elizabeth, John, Sally, Nathaniel, Jane B., William M., Lock, and Caroline. They came to this county in 1818, before the State was admitted into the Union. They were both members of the Methodist church, as are many of their family. Mr. Phipps died Feb. 22, 1828. His wife kept the home until the marriage of her youngest child (Mrs. James Greer), then broke up house-keeping and lived with her children. She died at Carmi in September, 1837, and is buried beside her hus-

THE 1807 LAND LOTTERY

While the first, or 1805 Land Lottery settled original Wayne County in the southeast corner of the state, and the first five land districts of original Baldwin and Wilkinson Counties, Georgia, the 1807 Land Lottery completed the surveying and distribution of the land lots in Baldwin and Wilkinson; namely, land districts six through twenty in Baldwin, and six through twenty-eight in Wilkinson. The area was ceded by the Creek Nation of Indians to the United States for the use of Georgia, by a treaty held in Washington, D. C. on November 14, 1805.

This Lottery, then, together with the first one in 1805, opened up for white settlers a vast oval area between the Oconee and Ocmulgee Rivers and the Indian frontier was moved farther west from the Oconee to the Ocmulgee.

This land between the two rivers was good fertile ground for crops and Georgia citizens were anxious to avail themselves of it. By this time, also, they were acquainted with the Lottery method of allocating land and were willing to participate. Georgia now had twenty-six counties with a greater population than ever, and all those who had drawn a blank ticket in the first Lottery had another chance in this one.

In 1807 also, the Georgia Legislature met for the first time in their new capital at Milledgeville in Baldwin County. A great migration of state officials and business men made this entire area an important part of the state.

THE 1820 LOTTERY

Contrary to an erroneous opinion held by many genealogists, all of Georgia's six Land Lotteries were NOT held for the purpose of granting land to Revolutionary veterans. The 1805, the 1807 and the 1821 Land Lotteries did not even mention military veterans. Only the 1820, 1827 and 1832 Lotteries gave any special consideration to veterans of wars. This Lottery, the 1820, then, is the first of the six which did recognize Revolutionary Soldiers, but only if they were invalid or indigent. Those who had had a fortunate draw, as a citizen of Georgia, in the previous 1805 and 1807 Lotteries, were entitled to one extra draw in this one. If they had not had an extra draw, they were entitled to two extra draws in the 1820 Land Lottery. These extra draws were in addition to those which they might receive as ordinary citizens, and the ordinary citizen was still the main concern in this, as well as all of the Lotteries.

The area which comprised the original counties in this Lottery, was the largest cession of land yet gained by Georgia. The north half of Gwinnett County, and the counties of Hall, Rabun and Habersham were ceded by the Cherokee Nation, but the southern half of Gwinnett, all of Walton, Early, Irwin and Appling Counties were ceded by the Creeks.

One will notice that the letters "R.S." or "Rev. Sol." are listed after the name of the Revolutionary veterans here. That notation IS ALL THAT IS SHOWN IN THE GRANT TO THAT PERSON. Other names show a "sol." and, of course, this means soldier, but the Surveyor General Department does not have any information which can tell you in which war the soldier had fought.

One must also bear in mind, that with the exception of the first, or 1805 Land Lottery, the State of Georgia did NOT keep the list of those persons ENTITLED to draw. Some counties do have such lists and in some county histories these lists have been printed. If you do not see the name you seek in this Lottery, but have seen it elsewhere in lists of those ENTITLED to draw, it simply means that the person drew a blank ticket and received no land.

Please remember also, that those persons who registered to draw in their counties of residence, had to take only an ORAL oath as to their eligibility. Therefore, the Georgia Surveyor General Department has no applications or other written records as to what the registrant may have said about himself, his family, birthplace, age or military service. Copies of grants, and this will be a xerox copy, may be had for one dollar. Write to and make your check payable to the Georgia Surveyor General Department, 330 Capitol Avenue, S. E., Atlanta, Georgia 30334.

PUBLISHER'S PREFACE

The present publication consists of a reprint of "The Cherokee Land Lottery," by James F. Smith, which was orginally published in 1838, with all the original maps and with the addition of a 105-page Index and Map of the original Cherokee County. As such, it constitutes the best edition we could possibly present of a work which lists the great majority of the early settlers of northwestern Georgia.

The upwards of 20,000 persons listed in this work were fortunate drawers in the last, 1832 or Sixth, Land Lottery for 160 acre grants in the original Cherokee County. The original Cherokee County was first divided into the counties of Cass (renamed Bartow), Cherokee, Cobb, Floyd, Forsyth, Gilmer, Lumpkin, Murray, Paulding and Union, and a small tract left over was added to Campbell County. Later divisions added the counties of Catoosa, Chattooga, Dade, Dawson, Fannin, Gordon, Milton (now part of Fulton), Pickens, Polk, Towns, Walker and Whitfield, and parts of Douglas and Haralson, to the list of counties formed from the original Cherokee County.

It should be noted that the maps of the Districts and Sections have legends which indicate the names of the original ten counties in which the lots were located, but in the drawing of the Lottery and in the granting of the land they were treated as in the original Cherokee County.

The information given in this work includes the names and residences of the fortunate drawers. In addition, the numbers preceding the names are keyed to the numbered lots in these maps, so that the searcher can easily refer to the exact area of the grant on the maps; the numbered lots on each map lead the searcher to a single name, so that the searcher can match a particular lot with a particular name. In many in-

stances, the basis for qualification is given in abbreviated form after the name (see the "Explanation of Abbreviations" which precedes the work).

Only the 1820, 1827, and 1832 Land and Gold Lotteries gave recognition to veterans of the Revolutionary War. Widows and orphans of the veterans, as well as the veterans themselves, were given two draws rather than one with the exception of the veterans who had been fortunate drawers in the previous Lotteries—they were not excluded as were other previous fortunate drawers, but were given only one draw. Widows, orphans, and wounded or disabled veterans of the War of 1812 and the Indian Wars were also given two draws. (For a description of the Land and Gold Lotteries including listings of qualifications for persons entitled to draw, see "Georgia Surveyor General Department," a pamphlet, available from: Georgia Surveyor General Department, Archives and Records Building, Atlanta, Georgia 30334).

The whole of the work, which was originally unindexed, has been improved with the addition of a complete Index to all the names listed. The searcher after a particular name is advised to first consult the Index which begins on page 415 and ends on page 520. This index was compiled especially for our publication by the Genealogical Publishing Company, and it appears here for the first time in print.

The work as herewith offered was published in response to the great demand for the work by genealogical researchers, lawyers, librarians, and the general public, and its publication is part of our continuing program of making available basic genealogical reference works which are out of print.

PREFACE.

The undersigned offers to the public in the following pages a work which, he trusts, will not only be acceptable, but highly valuable to many of his fellow-citizens.

The numerous and constant inquiries at the printing establishments and public offices for something of a similar character, induced him, some months since, to engage in its compilation, and, after much labour, he now presents it to the judgment of an enlightened community, confident that its merits will be justly appreciated.

It contains the names and residence of all the fortunate drawers in the *Land Lottery* of the Cherokee country, arranged by districts in numerical order, and a map of each district, all carefully copied from the originals in the Executive Department and the office of the Surveyor General, designating also the lots which have been granted.

He has given the quality of the lots in some instances, but not generally, deeming it altogether unimportant, from the well known inaccuracy of the surveyors in classing their value, and from the additional fact that very few individuals engage in contracts for real estate until they are enabled by personal observation to place a proper estimate upon the premises.

By reference to the numerical list, the drawer's name and residence can be readily ascertained, while the maps will give a pretty correct idea of the watercourses and local situation of any particular lot, as well as whether it has been granted or not.

To those who drew land in this lottery—who are desirous of obtaining settlements in that section of the state—and more par-

INTRODUCTION

The Georgia Surveyor General Department has thousands of loose documents connected with the state land lotteries of 1805, 1807, 1820, 1821, 1827, and 1832. Among these papers are the petitions, also refered to as oaths, of the "fortunate drawers", or their heirs, for formal grants to lots; letters by civil officials to correct misspellings on the lists of winners before the lists were published; signed statements by Indian agents that certain lots did or did not have Cherokee Indian "improvements"; records of Cherokees who attempted to return to Georgia; and other miscellaneous papers concerning the lots won and the people who won them.

Only a fraction of these records are of obvious genealogical value, and thus were abstracted for this volume. These include examples of almost every type of personal or family relationship, ranging in research value from simply naming the executor of an estate to detailed family information on people who lived in a county whose records have since been destroyed by fire to lengthy personal histories.

The Georgia legislature passed an act in 1842 that nullified any claims to lots not claimed in the land lotteries prior to 1821 and set a deadline of July 1, 1843 for taking out grants on lots won in the lotteries of 1821, 1827, and 1832. Orphans were exempted from the deadline, being allowed until their 21st birthdays to take out their grants. Most of the papers of genealogical value were filed by heirs of the original winners in the lotteries, just before the 1843 cut off date for taking out grants for lots won in the later lotteries. Hence, the reason that most of the documents abstracted herein are dated more than ten years after the last land lotteries.

At the present time, the loose land lottery papers are not available for use by researchers and the Georgia Surveyor General Department will not conduct searches in these thousands of papers for specific individuals or lots. Their staff, however, have begun to organize these records in files by county, section, district, and lot. When this project is completed, a patron will be able to look up the designation of a lot won by an individual and then request that the file for that lot be checked for loose land lottery papers. Using this system, genealogists will be able to examine the records not abstracted in this volume for particular information of special value to their research, such as tieing an ancestor to a certain critical date or place. Researchers writing county historians will be provided with a means of checking the lots of an entire area for the lots that had "Cherokee improvements".

Not every lot has loose papers, however. Many of these records have been stolen or destroyed in the years before the present Georgia Surveyor General Department came into existence. The papers for the older lotteries are particularly incomplete.

For many years, these records were stored in three large boxes, in no particular order. Starting in 1971, The Georgia Genealogical Magazine began publishing abstracts by Rev. Silas E. Lucas, Jr. of the papers in one of these boxes. His abstracts are part one of this present volume. The documents in the remaining two boxes were abstracted after the Georgia Surveyor General Department be-

gan their present system of organizing these papers by lot designations. The new abstracts are part two of this volume and were written with their system in mind.

The published lists of drawers in the Georgia land lotteries provide valuable census like data for the period 1805 to 1832, and, in the later lotteries, proof of service in the American Revolution. For information on these volumes, write for the catalogue of the Southern Historical Press.

CONCERNING THE USE OF THE ORIGINAL OATH'S IN THE SURVEYOR GENERAL OFFICE.

Mr. Marion Hemperley, Deputy Surveyor General has requested that each reader of this bookbe advised that these original documents are not in order and have not been cataloged for public use. Therefore, under no circumstances can they be made available to the public until such cataloging and possible lamination.

The Surveyor-General Department does not have the staff to receive requests to make a search through these records. At some point in the future these Xerox copies of the originals will be placed in the Ladson Memorial Library of the Vidalia-Toombs County, Georgia Library so that individuals may see copies of the original oath's.

John K. Pool may be mentioned as one of the progressive farmers of Washington County, Ark., and is also engaged in merchandising at Thompson's Post-office. He was born in Franklin County, Ark., in 1843, and is a son of M. P. and Lucinda (Gailey) Pool, who were born respectively in North Carolina and Georgia. After attaining man's estate the father went to South Carolina, thence to Georgia, where he was married and resided about ten years, and then came to Arkansas, residing successively in Franklin, Madison and Washington Counties. He located in the latter county in 1854, and was engaged in farming until his death in 1869 or 1870. He was justice of the peace of Washington County for about eight years, and was a soldier in the Mexican War. He was twice married, and by his first wife became the father of one son, Joseph, who was killed during the late war. His marriage to Miss Gailey resulted in the birth of ten children, five of whom are living: Augustus C., George W., Franklin M., Nancy (married) and John K. Those who are dead are Claiborne, Andrew, William, Sarah and Louis C. The mother of these children died in 1868. John K. Pool was reared in Washington County, and remained under the paternal roof until 1861, when in the fall of that year he went to Missouri and enlisted in Company B, First Arkansas Cavalry, and served under Gen. Harrison for three years, receiving his discharge in July, 1865, at Fayetteville. After returning home he resided on the old homestead until 1880, when he located on the farm of 235 acres where he now resides, and where he is engaged in stock dealing. He has eighty acres of land under cultivation, and in 1887 engaged in merchandising at Thompson's Post-office, where he has a fairly remunerative trade. He was first married to Miss Elizabeth Hash, and the following are the children born to their union: Claiborne (deceased), Mary (wife of David Moloy), Benjamin, John N., Calaway (deceased), Nettie and Hattie. Mr. Pool took for his second wife Mrs. Sarah Warner, who was born in Scotland, and came to the United States in 1854. To her first marriage was born one child, May. Her union with Mr. Pool has resulted in the birth of one child, Walter. Mr. Pool is a member of the Knights of the Horse, and politically he is a Republican.

George W. Pool, blacksmith, and one of the prominent farmers of the county, was born in Maryland October 23, 1837. His educational advantages were very limited, and at the age of eighteen he began learning the blacksmith's trade, and afterward followed this until 1861. In July of that year he enlisted in Company B, First Maryland Potomac Brigade, United States Army, and served over three years. He participated in the battles of Gettysburg, Winchester and many minor engagements. He was captured at Harper's Ferry, paroled, and exchanged about six months later. At the close of the war he continued blacksmithing, and worked at his trade in Ohio, Indiana, Illinois and Missouri. He afterward worked at Sedalia for his present employer, Mr. Oates, with whom he has been twenty years. In 1870 he came to this county, and in 1875 he chose for his companion in life Miss Louisa McLain, a native of Steuben County, Ind., who bore him five children, four sons and one daughter. Mr. Pool has 150 acres of land, situated two miles from town, and upon this his family are now living, while he works at his trade in Cincinnati. He has made all his property by his own efforts, and is a good, honest citizen. He is a Master Mason, is a Republican in politics, and his wife is a member of the Cumberland Presbyterian Church.

Augustin Clayton Poole is a successful farmer and fruit grower of Washington County, Ark., and was born in Hall County, Ga., August 29, 1828. The farm of 154 acres, on which he located in 1871, is one of the best in the county, and he also has twenty acres of bottom land on the White River. He was named after Judge Augustin Clayton, of Georgia, who was an old and highly esteemed friend of his father. He was reared and educated in Franklin County, Ark., and was there married, in 1849, to Elizabeth Dunn, soon after locating on a farm near Charleston, but in 1858 came to Washington County, Ark., locating on a farm on the White River. In 1863 he enlisted in Company I, First Arkansas Regiment, United States Army, and served his country faithfully until the close of the war. He then returned to his farm, and found it destitute of fencing and stock, and had to begin the battle of life anew. His wife died in March, 1865, having borne a family of five children, and his daughter Jane kept house for him until 1866, when he married Mrs. Elizabeth Lewis, widow of Henry Lewis, and by her became the father of two children. His second wife died in 1877, and in December, 1879, he was married to his third and present wife, Mrs. Clarissa Lyons, widow of John Lyons, of Illinois. He is a stanch Republican in politics, and is a son of Mastin P. and Lucinda (Gailey) Poole, who were born in Greenville, S. C., and Hall County, Ga., respectively. The father was reared on a tobacco plantation, and in 1818 was married to Miss Gailey, and became a planter of Georgia. In 1830 he located in Hardeman County, Tenn., and four years later came to Arkansas, and improved a farm near where Charleston now is. In 1853 he went to Madison County, and in 1857 located in Washington County. He was a strong Union man during the war, and after suffering many persecutions and indignities at the hands of the Southern sympathizers, he was compelled to locate in Fayetteville for protection. He died in 1868, and his wife in 1867. They were the parents of twelve children, ten of whom lived to manhood and womanhood.

David C. Price, an enterprising farmer of Price Township, is the third of eleven children born to William and Delphia (Stanphill) Price. William Price was born in Kentucky, but his parents were natives of Ireland, who, after coming to America, settled in Maryland, where they remained a short time, and then moved to Kentucky, and from there to Tennessee, where William grew to manhood. Delphia (Stanphill) Price was born in Tennessee, and she, too, was of Irish parentage. Her father came to America when young, and served two years in the command of Gen. George Washington. Mr. and Mrs. Price were married in Warren County, Tenn., and after living there several years moved to McMinn County, of the same State. In 1832 they moved to Alabama, and five years later to Greene County, Mo., where the father died in 1838. The mother died in Crawford County, Ark., in 1873. Both were members of the Methodist Church. He was a Democrat in politics, and while a resident of Alabama held the office of county judge. Their son, David C. Price, was born November 5, 1814, in Warren County, Tenn., attained his growth on the farm and received a limited education, never attending school more than twelve months altogether. He moved to Missouri with his parents, and was here married to Miss Frances Dillard, who died about five months later. In 1840 he came to Van Buren, Ark., and ran a ferry across the Arkansas River. At this time he was $750 in debt, and had only a miserable pony, which he turned loose after reaching Arkansas. At the end of six months Mr. Price had paid one-half of his debt, and at the close of the year paid the remainder. In 1842 he married Miss Catherine A. Shannon, who bore him six children, two sons and four daughters. At this time he turned his attention to farming, and has since continued this occupation. In 1851 he moved to Washington County, Ark., and located where he now lives. His second wife died in 1870, and the following year he married Miss Sarah Snyder, of Crawford County, and she died a year later. Mr. Price served about three months in the Florida War, and in 1848 he represented Crawford County in the State Legislature. After coming to Washington County he held the office of justice of the peace for about twenty years. He says he never but once had a desire to merchandise, and that was in 1852, when he sold goods for about two years in Dallas, Polk County, at a loss of about $10,000. He was a Whig previous to the war, and since then he has been a Democrat. When the township was laid off the court honored Mr. Price by giving it his name. Although seventy-four years of age he never uses a cane, and walks with the elastic step of youth. He is the owner of 213 acres of land, and has made all his property by his own efforts.

J. R. Pyeatt. The biographical department of this work would be incomplete without mentioning the Pyeatts, who were among the pioneer settlers of Arkansas, and were first represented in this State by James and Kate (Finley) Pyeatt, natives of North Carolina, who, in 1812, removed from Kentucky to about thirteen miles above Little Rock. Here they spent the remainder of their days. J. R. Pyeatt was born in Kentucky in 1805, and came to Arkansas with his parents, and was here reared to manhood. In August, 1827, he came to Washington County, and erected the first frame house ever built in the county, which is in good preservation, and in which he still resides. Having a natural taste for mechanics, he opened a wagon and blacksmith shop shortly after his arrival here, and followed that occupation for a number of years. He and his brother purchased some raw land, which they improved, but in 1861 Mr. Pyeatt engaged in the milling business, in partnership with his son-in-law William S. Moore, and has since given that business the most of his attention. In 1831 he was married to Miss Elizabeth Buchanan, who was born and reared

An Index to Deeds of The Province and State
of South Carolina 1719-1785 and
Charleston District 1785-1800 by
Rev. Silas Emmett Lucas, Jr. Easley, S.C.
Southern Hist. Press, 1977.

INTRODUCTION

The Charleston deeds are some of the most important records in South Carolina for genealogists. They begin in 1719 (the year that South Carolina became a Royal Province rather than a Proprietory one). The Deeds prior to 1719 are in a different series at South Carolina Archives and have their own index. The Charleston deeds cover the entire state until the counties began recording deeds in 1785 or 1786 (the year varies from county to county). However, occasionally deeds from parts of the state other than Charleston District were recorded there after this time for one reason or another, e. g. a bond from Zachariah Gibbs to James Gibbs, Book A-6,p. 76, should have been recorded in Union County. The counties of some of the low-country districts (Charleston, Beaufort, Georgetown, and Orangeburgh Districts) declined to function, and the deeds from these counties were supposed to be recorded in the district seats. Because of the loss of records of Beaufort, Georgetown and Orangeburgh Districts, it is difficult to determine to what extent this was done. Occasionally a deed from what was Orangeburgh District is found in the Charleston deeds, and one would expect to find those from the counties of Bartholomew, Berkeley, Marion (not the present county of that name), Washington and Colleton in the Charleston records, as these were the counties of Charleston District.

This index is a copy of the one in the Register of Mesne Convenance Office, Charleston, South Carolina, and is used with their permission. Because the index includes no year or date, a guide to these deed books is found immediately following the Introduction. These years are recording dates and are sometimes approximate. Of course, many deeds were recorded several years after their execution. Copies of these deeds can be ordered from the Register of Mesne Conveyance, Charleston, S.C., for $.50 per page. However, it is strongly urged that these deeds be researched before ordering copies, as many deeds are as much as seven to ten pages in length, and there is a limited staff in that office to do this type of work. South Carolina Archives in Columbia has film copies of these deeds, and anyone can see them there.

Laurens District did not have any navigable waterways, but the crystal-clear streams were filled with fish, a handy food supplement. The bolder streams powered mills for grinding grain and sawing lumber, even enabling rafting and a bit of short distance traveling; and the water-edged lands furnished good breeding grounds for birds and animals. The convenience of water for both man and beast was to be seriously considered in the settlements to be laid out.

The names of rivers to be found on old maps and in court house records are Bush, Enoree, Saluda, Little River, and two forks of Reedy River, the last four running nearly parallel with Enoree for a short distance.

The creeks are Duncan's, Beaverdam, South Rabon and North Rabon (Rayburn and Raiburn and Raeburn in some instances), Mudlick, Warrior, Indian, Cane, Walnut, Horse, Turkey, Buckhead, Lick, Cedar Shoals Creek, Ginger, Line, and others no longer freely flowing.

Discovery of old mill sites on the streams of Laurens County has become an interesting project in the writer's years of retirement. Confirming the fact that grist mills did prove to be an important factor in the prosperity of the new area is an item published in *Southern Patriot* of Greenville, South Carolina, on March 21, 1851, and reprinted in *Laurensville Herald* of December 4, 1931: "The Census return of 10 years ago (1841) shows that Laurens grows more wheat than any other district in the State. There are also more good mills in the district than perhaps any other, there being 31 grist mills."

Among the earliest colonists of upper South Carolina was **Edward Musgrove**, of British descent, who prior to the controversy with the mother country, had established a residence described as being about one mile below Head's Ford on Enoree River and less than half a mile from the Cedar Shoals Creek Falls (now on State Highway 56).

Major Edward Musgrove owned and operated one of the most noted of the old mills, **Musgrove Mills.**

For a graphic description of the environment of Miller Musgrove's family, including **Mary Musgrove** of Revolutionary War fame, we turn to an article written for *The State* by Mrs. L. D. Childs of Columbia, and reprinted in *The Advertiser,* Laurens, on July 5, 1911.

Mrs. Childs, a descendant of Edward Musgrove, states the dwelling house was situated on a hill overlooking Enoree River at a point once known as the **Horse Shoe Bend,** where a long bridge afforded a connection with the opposite shore. Down almost beneath the bridge nestled the small, low-browed mill built of wood. Its wheel turned by the same power, at the time of Mrs. Childs' visit in 1911, which turned it during the Revolutionary War, in which the mill figured prominently.

The stream in the millrace conducted the water to the head gate, which with a heavy spray was dashed from the large and slowly revolving wheel. From this mill wagons carried the ground contents down the stream to British soldiers who were unwelcome guests of the peace-loving but staunch colonist Musgrove.

A mill cottage stood close by, erected for the comfort of the miller's guests. The Reverend William Martin and Mrs. Martin of Columbia were guests in the mill cottage two generations before the 1911 visit by Mrs. Childs. A grandson of Major Edward Musgrove was host to the Martins, said Mrs. Childs.

John Pendleton Kennedy in his book, *Horse Shoe Robinson,* describes the mill house as a shaded cottage with its cedar lawn sloping to the stream and the mill.

Mrs. Childs stated the original Musgrove home and the mill were burned by the British in an act of retaliation. Both were rebuilt on the identical spots of the first buildings.

There is nothing visible now of the Musgrove estate and its famous mill but the two-story frame manor house with broad porch across the front of the first floor, and the end chimneys reaching skyward. The building is in critical need of repairs. Recorded in *Book A, on page 28, Laurens County Records* is the will of Major Edward Musgrove. A son, William Musgrove, was given "the dwelling plantation mill and all the land" with the stipulation that the wife would benefit from the proceeds from the property for the duration of her life.

Seth, William & Abraham ?

The old **Seth Poole Mill** site has an interesting past as told in *A Genealogical History of the Poole . . . and Kindred Families* written in 1931 by Bessie Poole Lamb and Mary-Mack Poole Ezell.

About 1784 **Seth Petty Poole,** in company with two brothers, came to America from Westmoreland County, England. After residing in Virginia for a short time, Seth moved on to South Carolina and established a home on Buckhead Creek, four miles south of **Mountain Shoals**—now Enoree, South Carolina.

On the grounds of the hillside home was a freely-flowing rock spring which is still in use. Seth had a grist mill run by water power, apparently one of a few of its type at that time. The grinding was done by a pestle and a large mortar made from a tree trunk. The mill was operated day and night. Following the unfortunate experience of having a pet dog

jump into the mortar and be crushed to death by the pestle, Mr. Poole journeyed to Orange County, Virginia, and bought runners, thus beginning a new process of milling. With the new method of grinding —a remarkable innovation for that period—patronage was obtained within a radius of fifty miles, a real journey by ox cart or wagon.

Wheat on the Poole plantation was harvested with reap hooks and threshed at a treading yard, a place made by digging the surface to the clay and by packing it down with mauls. Grain was hauled to the yard on sledges. The long straw was taken away by hand; the wheat was separated from the fine straw and fanned with a sheet to remove the chaff. On windy days a man could be seen standing on a tree stump and pouring measures of wheat on a sheet, the wind taking care of the chaff.

Among farming equipment listed in the Poole records were bridles made of ropes and hamestrings made of mulberry bark. Hickory grubs were often used for plowshares. The foot piece was hewn down; and plows, forged on the place, were fastened with iron bands, wedged and tightened. Often traces were made from grapevines which grew in abundance on the Enoree River. In Indian language, **Enoree** means **River of Muscadines.**

Seth Poole bought his acreage from John Waldrop and William Berry at intervals as the need to increase his holdings arose. The first transaction was dated September 6, 1788. Much of the land, still in the hands of descendants, borders Enoree River and Warrior Creek, the latter a branch of the Enoree. There is a ford still in use where the rocks were blasted out for the grist mill machinery to be placed.

On the banks of the South fork of Rabon Creek, now State Highway 76, there was in the 1830's a unique business venture. In what was otherwise a strictly agricultural area, an industrial activity claimed the attention of residents from quite a wide distance. **Mrs. David George, Sr.**, historian of Laurens, checked the records in the Laurens County Court House and found that in the year 1829 there was in existence a partnership of **John Garlington** and **Richard F. Simpson** "in a certain cotton and wool factory, a grist mill, a saw mill, etc., on Raiburn's Creek known by the name of **The Laurens Factory**. How much earlier the factory existed does not appear.

Records show that on January 1, 1830, the mill was reorganized and William F. Downs admitted into the partnership. Mr. Simpson was elected to reside at the factory and superintend the entire business for the sum of three hundred dollars annually. Mr. Garlington sold his interests on November 26, 1833, and in September of 1834 Mr. Simpson withdrew from the partnership. Downs, together with William and Robert White, bought the business for $10,000 to be paid as follows: They were to deliver to Mr. Simpson "350 lbs. of good merchantable cotton yarn, bunched in the usual manner, every week from date hereof in equal quantities of all numbers from 5 to 13 lbs. to be rated at 25 cents per pound; also, at least 50 lbs of cloth of the kind now woven by the power looms, unless hereafter otherwise agreed to, at 17 percent below 15 cents per yard. . . . The thread and cloth are to be priced, if necessary, per week so as to make them bear the same proportion to the New York prices as they now do, which prices are to be ascertained and regulated by the prices current as weekly published in the New York paper, which is to be subscribed and paid for by the parties equally."

The cotton machinery consisted of three threstle frames (an English device for spinning thread, obsolete now for one hundred years, and so named because the caps on it made a whistling sound like the song of the English thrush). Other pieces of equipment were a scutcher, wool cards, and three spinning jennies. A young man by the name of William Bates is said to have placed the machinery, and records show that William Nickels managed the factory in its first production.

The records contain no reference to a finished wool product manufactured by the plant, although Mrs. George says the best tradition claims that hats were made there.

Sometime during the year 1837, fire destroyed the Laurens Factory. It is now known by county residents as **The Burnt Factory**. For years the dam was a favorite fishing spot for sportsmen, and the famous swimming hole just around the bend was a favorite meeting place for young people seeking an escape from summer's heat. The old burnt factory bridge was washed away by the August freshet of 1910, and a new bridge was placed up the creek a distance; still later one was built on Highway 76.

Tradition claims this Laurens County enterprise to have been the first cotton and wool mill in upper South Carolina. The writer thinks perhaps it was the first in Laurens County. In 1826 it was stated in Robert Mills' *Statistics* that "manufacturing in the County of Laurens was only of the domestic kind but of some importance." These statistics were made public three years before the first established date of the operation of the Laurens Factory.

Richard Cannon Watts, Chief Justice of the Supreme Court of South Carolina, 1927-1930, said in his *Memoirs* that no steam mills were known in this area

1886 he organized the Greenville Compress and Warehouse company, and is president of this also. In 1877 he erected his fine residence in Greenville, and this not only exceeds any in the town, but is one of the finest buildings in the state. It has all the modern improvements, and is a model of beauty, comfort and convenience. Mr. Pollock is most extensively engaged in planting, and is the owner of Lake Vista plantation, consisting of twenty-five hundred acres, with thirteen hundred acres under cultivation, and one of the best improved on the delta. He also owns Auburn plantation, in Washington county, consisting of five hundred acres, with three hundred and fifty acres improved; and Geneva plantation of fifteen hundred acres, with one-half under cultivation. He has made many and vast improvements on all. Mr. Pollock was married in 1870 to Miss Olive H. Bowen, a native of the Buckeye state, and a representative of a prominent family of that state. To this union have been born two children: Olive and Elise. Mr. and Mrs. Pollock are members of the Episcopal church. Mr. Pollock has been most active in promoting the welfare of Washington county, and since his residence here has been the moving spirit in almost every commercial enterprise. He has made a large fortune here, and contributes bounteously to all enterprises of a public nature. No man in the delta is held in higher estimation than Mr. Pollock, who is ever engaged in some good work for the people, and whose open-heartedness and generosity are fully appreciated by all. He is most pleasant and courteous in his manners, and has a host of warm friends.

Seth P. Pool is a well-to-do planter of Clay county, Miss., and has been a resident of the state since 1837. He was born in North Carolina December 26, 1818, to Philip and Anna (Winfrey) Pool of North Carolina, in which state they were born, reared, educated and married. Of fourteen children born to them only two are now living: Seth P. and Carrie A., wife of Mr. Beaver, a well-to-do and prosperous planter of Person county, N. C. Seth P. Pool is a strictly self-made man, for when he started out in life for himself it was at about the age of fifteen years, prior to which his educational advantages had not been of the best, and he never went to school more than six months all told. After coming to Mississippi he began working at the carpenter's trade but later turned his attention principally to planting and is now the most extensive landholder in the county, the principal part of his land lying near West Point. He also owns the Central hotel, three first-class storehouses and a dwellinghouse in West Point. The wealth that he has so honorably gained is not selfishly hoarded, but is used generously in the support of worthy causes, and although he early learned to know the value of a dollar he does not count the cost when a friend is to be aided or in the purchase of anything that may add to the comfort and happiness of himself and wife. On the 14th of April, 1842, he was married to Miss Martha J. Hullomon, in what was then Lowndes, but is now Clay county, but their union has not been blessed by the birth of any children. Out of the kindness of their hearts they gave a home to Alice Hulsey, an orphan, and she is now the wife of Lemuel Crump. Mr. Pool and his wife are members of the Presbyterian church, and he has held the office of supervisor of the county six years, first while it was Lowndes county, and was the first supervisor after it was organized as Clay county. He made a faithful and capable official, and in every relation of life has discharged his duties in a manner becoming an upright Christian gentleman.

John and Jacob Pope removed to Marion county, Miss., about the year 1812. All the older members of the family have passed away, but there is a large and prominent connection scattered throughout the Southern states. John Pope married Elizabeth Regan, and they had born to them seven children: Harriet became Mrs. Bridges, and was afterward married to John Erwin; Nancy S. married Felix Ford, he died and she married Samuel G.
